Thursday, September 13 – 7 pm: Make IT, Bake IT, Sew IT, Grow IT Auction

It's time to put your fingers into action and create a "truly memorable" object that will bring joy and delight to the bidders in our audience. We've had these auctions before and it's amazing to learn of the special talents so many of our neighbors have been hiding. Now's the time to show us what you can do. It's a Homeowners meeting, but everyone's invited. Desserts will be served after the Auction.

IT'S A BEAUTIFUL THING!

Bayshore Gardens sidewalks are finally here. After months of waiting for the sidewalks in Bayshore Gardens to be completed we can finally enjoy using them. It's a joy to watch the youngsters ride their bikes, use their skate boards and their scooters on the sidewalks instead of the street. Parents no longer need to worry about their young ones being hit by a car that speeds through our community. Young mothers are now out walking their baby in their strollers on the sidewalks, along with many dog owners and their dogs. Young couples, and the not so young, are seen

walking holding hands at sunset. Suzanna Young and Restore Bayshore are to be congratulated for their persistence in getting the sidewalk project started and completed.

Thank you to all the homeowners for their patience during the installation of the sidewalks. It truly is a beautiful thing.

"Flare" From The Chair

It is indeed a pleasure to serve as your chairman (or chairwoman, or chairperson. I don't get too hung up with titles). It is exciting to see members of the community coming forward with suggestions and ideas. I would like to formalize this process further by appointing a committee to make plans for the future of Bayshore Gardens. This gives community members an opportunity to come forward as a group (there is power in numbers) and make recommendations to the Board of Trustees for action.

Since the community is diverse, I envision a community survey to be developed and administered to give ALL residents an equal opportunity to give input into the direction of the District as well as a voice in how your tax dollars are going to be spent. Are there activities you would like

to see? Should there be an organized exercise program for residents? Should a "fitness trail" be developed? Would you like to have after school tutoring? Are there more uses for our beautiful pool? Should we be further developing the beach area? Are the current buildings adequate? Are the current rules and regulations appropriate today? I could go on and on, but you get the idea.

If you have ideas, suggestions, or any type of feedback, my door is always open. If you have any interest in serving on a committee to plan our future, please email, call or stop by the office and give Jodi your contact information and I will get in touch with you.

Did You Know that August has the highest percentage of births.
Did You Know the month of August is often referred to as the "dog days of summer" but not because of pet pooches. It has to do with the star Sirius, also known as the dog star, which rose at the same time as sunrise

during the month of August in ancient Roman times.
Did You Know that August is named after Augustus Caesar, founder and the first emperor of the Roman Empire, who was posthumously adopted by his maternal great-uncle Gaius Julius Caesar.

OPINIONS

“Danger on Sidewalk”

My husband and I were very please to have the sidewalks put in recently on Georgia Ave. We enjoyed walking and seeing families with small children in the strollers taking advantage of the sidewalks.

On Sunday July 15,2018 about 7:30 pm. I was taking the big blue recyclable can to the curb-side ,when all out the blue, a man on a 10 speed bike came from around Florida Blvd and was on the sidewalk ,going at a great speed ,and I jumped in the “nick” of time to get out his path, I almost lost my balance and he **never stopped!!!**

I am 84 years old and very lucky to have avoid-ed what could have been a very bad accident! I believe the rules are racing 10 speed bikes belong on the road with other vehicles!! Looking out for other neighbors who may not be as fortunate as I was.

Jamin' in Bayshore

Bayshore Gardens has talent, as was exhibited at the recent jam session held in the recreation hall. Several musicians came to play their instruments for the community. This was the first event of hopefully many to come.

Instruments played at this session were electric and acoustic guitars and harmonica.

Musicians were (from the left) Nel Wade, Dana Skeim & Tom Zovar. Tom handed out a CD of his previously recorded music. Dwight Manning came later and played a great guitar. Lenny arrived and put the event live on Facebook as well as adding a little drum beat.

Hope some of you were able to see and hear the great music. If you play a stringed, wind or percussion instrument come to our next scheduled event (see the August Banner for details).

This event is open to the public and at no charge. Musicians outside our community are also welcome. Anyone wishing to join the group should contact Jodie at the District office by calling 755-1912.

Hey, you might even catch them some afternoon jamming at our beach!

Article and photos by Steve Watkins

Jam Sessions will be held at the Rec Hall on the first, third and fourth (and fifth) Monday of the month from 7-9 pm. Come on out and play, or just enjoy!

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

GO FIGURE! by Linda Thistle

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.
