Head's Up

Kid's Fishing Tournament

September 20

Watch for details in the September Banner

hello AUGUST

Rosemarie Woodruff: 110% Responsible citizen volunteer!

Rose just loves a good time; she's the original party girl! But far more importantly, she is an outstanding citizen, well known for her selfless volunteer work. If you are fishing for ideas for worthy community projects, or special events, Rose comes up with the very best ideas.

She is a relentless volunteer: formerly at the local school, at her church and for numerous community clubs. She helped to fix dinners for homeless families that ate and slept at the church during the pits of our last recession. She has been a mentor and "grandma" to various young persons in need.

Always showing her good humor, Rose is shown here with her custom-made Easter bonnet at this year's BGYC April meeting.

When Suzanna Young broke her knee, Rose came over to straighten up, fix food, and help in any way she could. She helps her partner, Tom, to get around town and to his various appointments.

She's very special to all her kids – setting the tone

for the whole family.

She has been a Bayshore citizen since the early '90s. She has been a perennial helper at the Homeowners' Association as it has struggled on, often a key supporter at the kids' events and July 4 picnics. She helped to organize the first summer fishing tournament for Bayshore kids. She's just plain 'tireless'!

With her late husband Earl, she joined the Bayshore Gardens Yacht club and currently serves as a Director on their Board. She brings great ideas to the table and has always tried to bring civility to bear on issues of the day.

The word is that she still wants to go hot air ballooning – one of the many things on her never-ending 'bucket list'. She is an amazing lady –

who is always on a worthy mission!

In her spare time, she likes to go dancing and visit the gym with her friend Marie Young.

"Bayshore Barracuda's Swim Team"

The Bayshore community has had a youth swim team operating from our pool since we were chartered back in 1979. The umbrella group back in those days was the West Coast Swim League, and the team was called the "Bayshore Wave". Rita Wiznowski, a Bayshore resident who was a certified Red Cross swim instructor, coached and trained lifeguards in the late '90's. Under her tutelage, many swimmers went on to swim with the Bayshore High varsity team. In later years, the team was coached by the head life guard of the day. In 2000 the West Coast Swim League was reorganized as the Suncoast Swim League. We still operate under the Suncoast Swim League today. Over the years, as our teammates grew up and swam for Bayshore High School, they became life guards and worked at our pool; many still do today. Muriel, Laine and Chris are just three of our teammates who currently save lives at our pool, and we currently have six swimmers who swim varsity for the "Bayshore High School Bruins".

Our league is a recreational, fundamental swim league that promotes the love and joy of swimming. We operate in a team environment that is fun and non-demanding. What are the requirements to become a Barracuda? You must be able to swim one length of the pool unaided by any device. The youngest swimmer I have coached in the last eight years was four years of age but most

start at five. We range in age from 5 years to eighteen years. We swim the four basic swim strokes, the Butterfly, Backstroke, Breaststroke and the Freestyle. Our swimmers compete in age increments of under six, 7 to 8, 9 to 10, 11 to 12, 13 to 14, and senior division. Swimmers under age 9 swim 25 meter events and those above 9 swim 50 meter events. There are also longer events for when our swimmers grow stronger and faster. We practice Tuesdays and Thursdays from 5:30 until 7:30 pm. We have weekly swim meets Saturday mornings with the other teams in the league. The season starts in the spring when the pool reaches 72 degrees.

Our season is just about over for the year, we will swim for another two weeks and then we will have our "Championship Meet" at G.T. Bray pool on the second of August. So everyone thinking about joining us and swimming as a "Barracuda" next year, keep swimming until the pool closes in the fall. When the weather gets nice next April, we will start practice during the week of spring break from school. The league season runs from May 1st and continues until the end of July. We hope to see you next season.

The history of youth swimming at the "Bayshore Pool" is 35 years long and we have had many excellent swimmers grace our doors, you could be one of them!

Meeting Minutes

MINUTE WITH THE MANAGER: August 18th 2014 is back to school already. How time flies. Just a few reminders: babies must swim in swimmer diapers. If you don't have any, you can buy them from the concession stand. We are going back to adult swim only every 45 minutes so the children can get out of the water and use the restrooms instead of the pool. When this happens, you lose the use of the pool for at least one hour sometimes for a day. To those of you who rent, you must have a waiver signed by the homeowner in order to use the pool. The only other option is to come to the pool with a homeowner and the fee is \$3.50 per person.

We have bigger and better fans in the screen room now and better lighting in the breezeway. All of our pool personnel are certified lifeguards. This is the first year since I have been here that the pool staff has a lifeguard certificate and not just a CPR. - Joanne Manse

BAYSHORE GARDENS PARK AND RECREATION DISTRICT BOARD OF TRUSTEES

The July 15th, 2014 Board Meeting was cancelled due to a lack of a quorum. There must be five trustees present and there were only four. The committee meetings will be held August 13th, 2014 starting at 5:30 pm Committees: House & Grounds, Personnel & Salaries, Budget & Finance, Marina, Banner & Web Design

Crime Watch Minutes 7-8-14

Vice President Harold Donaldson called the meeting to order at 7:04pm.

Members in attendance: Steve Watkins, Karin Hall, Judy Drake, Mark Rezendes.

The minutes were approved as printed in the Banner.

The Treasurer's report was accepted. No gas cards were distributed, but Mark said he would deliver them to the members who should receive them. He is also looking into new service charges on the bank account.

Unmowed lawns were discussed. Crime Watch is not acting on this issue at this time.

Steve Watkins has been working with the dockmaster to prevent people from sharing marina keys with unauthorized users.

No meeting will be held in August.

Harold Donaldson is moving and will not be able to serve as Vice President. As the president had resigned earlier, the group decided to hold a special election at the regular meeting on September 9, 2014. We hope all members will attend this meeting. The group will elect a new president and vice president, and will consider other changes in officers from the floor.

The meeting was adjourned at 7:30.

Submitted by Judy Drake, Secretary

Notice of Crime Watch Special Election

There will be a special election at the regular September 9, 2014 meeting.

Submitted by Judy Drake, Secretary

Hi Folks. This month's report, I'm sorry to say, is kind of slowly developing. It is almost as if these hot and humid days are pulling the energy out of everything. At this particular time, that is as I write this, we are in one of those showery days with intermittent cloud bursts and steaming sun. The marina has not been much of a center of activity though the weekends find many of us out on the water. The work continues toward having the basin dredged. We sent out requests for bids to survey the basin. The bidding process produced only one proposal which may well be the one we go with.

We are also taking a look at reconfiguring a couple of under used slips, combining them to create one slip for Catamaran /Multi-hull usage. These issues were to be considered by the Board of Trustees in their July meeting. Unfortunately the summer doldrums appear to have also taken their toll on our Board of Trustees since a quorum was not present and the meeting was adjourned. None of these items were particularly time critical so August will be soon enough.

For those of you contemplating using the work area on either the north or south sides you must contact me to check for availability. Once we have worked out when you are to bring your boat up, but prior to doing so, you will need to go into

the office and take care of some paperwork and pay the initial fee. The work areas are available for use by Bayshore Gardens residents/homeowners and associate slip holders. Not saying that anyone will want to work on their boats in this weather, but just in case you wanted to know.

Reminders – For gate key holders using the boat ramp. Please remember to have your parking decal information (vehicle registration/tag number) up to date with the office. gate key checks are going to be made on random weekends and holidays. Tow vehicles without appropriate numbered parking decals are subject to being impounded at owners expense.

Improvements – Repairs and Projects Completed – Several planks were reattached or replaced. Three 4x4 posts were reinforced. The fish dock light was repaired. One ground fault outlet replaced.

Marina Occupation as of 07/17/2014 Occupied slips - 102, Vacant – small to medium size slips - 21, Unusable / Undesirable – 2, Total – 125

Waiting list(s) for slips and trailer spaces –Large slips - 5, Small/Medium slips - 0, Trailer spaces–2

If you have questions, concerns, or suggestions call me. Thanks to those that have already called.

Woodchoppers Club

The next scheduled meeting is October 11, 2014. We meet 5 times a year.

Memberships can be applied for at the Recreation Center Office during normal business hours.

A big thanks goes to the volunteers painting the shop. Donations of white paint are needed to continue the painting. Reminder: The Shop door has a combination code (no keys).

Enjoy the summer. Enjoy the Shop. Be safe

and clean up after yourselves.

2014 Officers for the Bayshore Gardens Woodchoppers Club:

President - David 'Lynn' Wellborn
Vice President – Steve Watkins
Treasurer – David 'Lynn' Wellborn
Secretary – Gwen Norris

Summer Safety: Be Alert at the Pool

Dear Neighbor,

August is a fantastic time to get in the pool. Our community has a wonderful junior Olympic size pool. I hope that you will take advantage of this wonderful community asset because there are many health benefits to being in the water. Standing in water up to your belly button reduces your body weight due to bouyancy. This “decreased” weight takes pressure off of your joints and is a great way to ease

can enjoy the community pool safely.

- 1) Small children often get pool water in their mouth. Please do not enter the pool with any wound or blister that requires a bandage or is not scabbed over.
- 2) All children under the age of 4 should wear pool pants. These are rubber pants that keep urine and feces out of the pool if your child has an accident.
- 3) Only dive from a diving board. Diving from the side of the pool could injure yourself or swimmers below who are not expecting you to dive from the side of the pool.

If you have questions about the information in this article, give me a call at 941-447-9739. I always have time to talk to a neighbor. Remember, safety first, and enjoy your swim!

Your Neighbor,
Dr. Golden

joint pain. Another benefit is exercise. Swimming is a great way to exercise even in the August heat. Finally, swimming is a family activity and a great way to meet your neighbors. And speaking of neighbors, please keep in mind a few safety issues so everyone in Bayshore Gardens

Heat Related Injuries: Be safe this summer!

The effect of extreme heat has become a growing public health concern. Extreme heat caused 92 deaths last year. There are over 8,000 heat related emergency room visits per year in the United States with children and seniors being at higher risk. Additionally, children should never be left

unattended in vehicles. It is extremely dangerous and results could be fatal. The inside temperature of vehicles rises 19 degrees every 10 minutes. There have been 17 related fatalities this year attributed to children left unattended in vehicles.

Here are some tips from the Center for Disease Control and Prevention to prevent heat injuries:

1. Drink plenty of fluid (nonalcoholic and avoid drinks with lots of sugar)
2. Wear loose fitting clothing
3. Rest in shady areas
4. Wear a wide-brimmed hat, sunglasses, and sun-screen at all times.
5. Electric fans may provide comfort, but when the temperature is in the high 90s, fans will not prevent heat-related illness. Taking a cool shower or bath, or moving to an air-conditioned place is a much better way to cool off.
6. Make yourself a reminder that you have an infant or toddler in the car (I.e.; leave your shoes in the back seat, leave your cell phone in the back-seat, get a hang tag for your rear view mirror, etc).

Have a safe summer and remember to take all precautionary steps to prevent any heat related injuries.

LOVE at FIRST BITE!

Bayshore Gardens: Product Of The Post-WW2 Boom – Anticipating A New Future!

It is pretty clear that Bayshore Gardens was one of the ‘new’ Florida communities, established directly as the result of the post-World War 2 economic boom. Florida was a new frontier as in-migration increased the population dramatically, jumping from a mere 2.5 million in the early 1950s to a whopping 20 million in the current year [now headed, according to some, to close to thirty million in the next 20 years!].

In the 1950s, Florida was the destination for thousands of returning veterans under the GI Bill. There were new highways making transportation easier, expanding airports, the attraction of a new space industry, and the availability of ‘cheap’ land for residential and commercial development. The war was over, and Americans were ready to settle down and enjoy the simplicity and prosperity victory had brought. Homes became smaller, more alike and more easily produced. And the brighter sunnier colors they painted them in reflected a newfound optimism.

Such was the climate that led to the establishment of planned communities such as Bayshore Gardens.

Bayshore Gardens, looking west from Tamiami Trail in 1957.

Manatee County, established in 1855 – later split into Manatee and DeSoto, was ripe for new development. With a fine railroad, first established in the 1890s by the Arcadia, Gulf Coast and Lakeland RR Company; new roads and an influx of new residents, young families were seeking out sound communities in which to raise their kids.

The newly-founded Sarasota-Bradenton Airport Authority, taking over the former army airfield – using as a training field for WW2 – was a further attraction that brought newcomers to the area.

Sarasota-Bradenton airport in the early days: 1950s.

It was 1955 when Sydney R. Newman purchased the Bayshore area for over \$1.5 million dollars from Melvin Potter and W. E. Lee. In 1955 & 1956, Civil Engineer Freeman Horton platted the first two sections of Bayshore Gardens. The area

included Bayshore Gardens Parkway from the Tamiami Trail to 26th Street. Future plans laid out a planned community extending north to Cortez Road, all the way west to Sarasota Bay to the Village of Cortez. Although it never developed that fully, the community of Bayshore Gardens has emerged as a distinctive community in its almost 60 year history.

The original announcement of the Sydney R.

\$1,500,000 Sarasota Land Deal Announced

One of the largest waterfront land transactions since boom days was announced yesterday involving nearly six miles of Sarasota Bay frontage north of Bowlee's Creek above Whitfield Estates. Total price was announced at over \$1,500,000.

Two tracts comprising about 3,000 acres were involved in the deal. Melvin Potter of Sarasota, owner of Sapphire Shores development, was the seller of one tract, measuring 30,000 feet on the Bay, 660 feet on the North Trail, and 1.125 acres in area. W. E. Lee of Dade City and Tampa was seller of about 2,000 acres upland of the Potter property and containing nearly 2,500 feet of North Trail frontage.

Purchaser of the property was

Sidney R. Newman of New York, owner of substantial Ringling Isles and other Sarasota area property. The transaction was handled through the office of Johns McCulley, Sarasota real estate man. McCulley said Potter will receive one million dollars for his land and Lee will receive \$550,000.

It is understood the purchaser proposes to develop an exclusive community on the tracts.

The transaction will be recorded in Manatee County courthouse, because of the location of the property.

McCulley, who has been a real estate man since his retirement to Sarasota 14 years ago, said this is the largest single transaction he has ever handled and one of the largest since the boom in this area.

Newman land deal for Bayshore Gardens.

Model homes and amenities, including recreation, schools, churches, shopping centers, and medical facilities, were planned from the beginning. For as little as \$350 down, young families could buy a fine home and become part of a fully-serviced community.

The focal point for the community was – and remains – the park and recreation center complex, with its Olympic-sized pool, the marina and the small beach, all of which are fully used by the community.

This photo posted by John Woodward illustrates key assets of the Bayshore Gardens community.

In spite of its wonderful assets, life has not been easy for Bayshore Gardens, especially in the last two decades. We have witnessed a dramatic ‘Boom & Bust’ economy. The effects of the 2008 recession and the housing ‘bust’ have been dramatic. Real estate pressure, remarkable drops in land & property values, and other areas of new development in Manatee County have forced the need for community competition & adaptation.

We are at a crossroads where we need to re-establish our sense of place.

A way forward was offered to Bayshore Gardens residents in the plan for heritage designation offered by the University of Florida report, shared with the Neighbourhood Association at its April meet-

ing. The information panels are to be hung in the Recreation Center for review and consideration by all visitors to the building.

Faced with new development in nearby West Bradenton, with developments such as Long Bar Pointe and the proposed Crossroads Community on the Preston family fruit farms property, Bayshore will need to take definitive action to guarantee its long term viability as a distinctive community.

There are lots of positive signs as real estate prices begin to creep upwards again. There are numerous new owners, and renovation and upgrading activity seems to be happening on almost every street. Improvements by one resident seem to spur new action for betterment by neighbours. Such positive changes can only benefit the whole community.

In a 2013 report to the Manatee County Commissioners, several options were laid out for future development in the County, particularly for the Bradenton area. The document, “How Will We Grow? A Conversation with the Community”, identifies several alternatives for future growth. A primary focus for new development is Bradenton’s west end.

Bayshore Gardens will have to keep “its socks pulled up” to keep pace with the rivalry. It is also noteworthy, as reported by Robin DiSabatino in the last Banner, that Bayshore has been included in the new southwest “TIF” or tax incentive fund area.

She clarified, “A ‘TIF’, Tax Increment Financing area, is going to be implemented as a tool to raise and allocate money within a certain geographical area. The money generated is specifically utilized

within that area for community revitalization, improvements and projects. The Southwest Area TIF boundaries will be our South County line, straddling New 301 to Manatee Avenue and over to the edge of the mainland.”

Bayshore Gardens is included in this expanded area. She went on to clarify that an opportunity has been provided for

Bayshore residents to become involved in the decision-making process and to have a say in what happens in their community’s future.

On July 23, 2014, a community meeting, sponsored by Manatee County Neighbourhood Services, reviewed the option of designating Bayshore Gardens as a community significant mid-20th Century architectural significance.

Simone Peterson of the Neighborhood Services Department, and other County officials outlined what options could be pursued to protect our future status.

One means to help direct the future benefits of the aforementioned ‘TIF’ and to bring benefits, not only to the broad community, but to individual homeowners wanting to improve their property, will be to pursue the historical designation route.

Continued, see FUTURE Page 6

FUTURE, Continued from Page 5

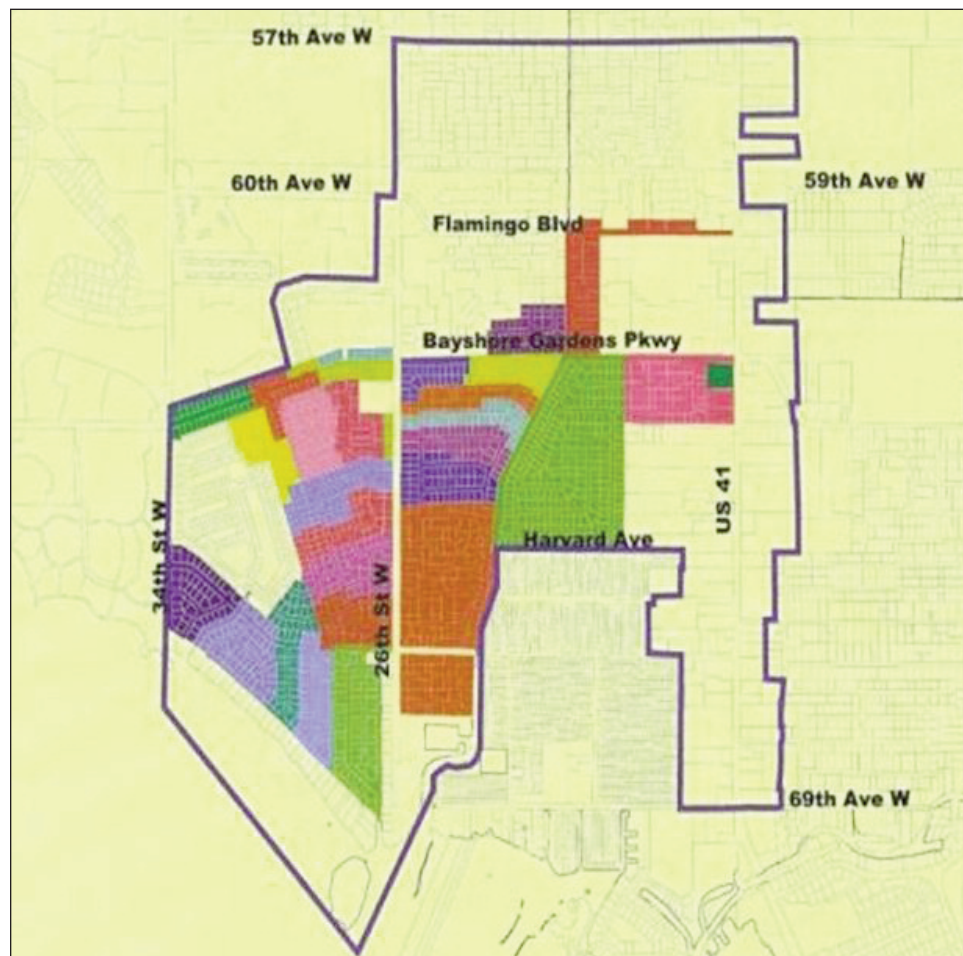

The options for this direction were laid out in the recent report from Dr. Linda Stevenson and her grad students from the University of Florida. This report and its findings have formed the substance of several articles in the Banner over the last few months.

Two outcomes, or next steps, could include preparation of an application for a locally-designated historic district as described in the Manatee County Land Development Code, and/or to prepare a district nomination for an application to the National Register of Historic Places.

In both cases, the community would guarantee its preservation and residents would see direct benefit in various ways. Such benefit would vary from additions to community amenities such as sidewalks, parks and lighting, to small grants to sup-

Above: A community planning map shows one option for long-term projected growth in the areas west of Bayshore Gardens. The numbers represent the number of lots/units expected to be available up to 20 years from now. It will be a competitive neighbourhood.

port efforts to maintain the architectural character of individual buildings as homeowners opt to upgrade and improve their homes.

A detailed report outlining the discussions at the July 23 meeting will be published elsewhere.

by Paul Carroll, Bayshore Resident

Did You Know?

You can enjoy really good folk music at the Sarasota Sailing Squadron the last Monday of the month. Open mike starts at 7:30 pm. Welcome donations go toward Friends of Florida Folk. It is a super scene: Overlook Sarasota Bay, see a sunset, listen to good music while sipping something cool.

4 Hounds Grill

A couple of years ago, while visiting from St. Thomas, Chris and Scott were dreaming with Rebecca and Chris about opening up a restaurant that served good “made from scratch” food that people would enjoy eating. Inspired by the family’s dogs, this past April the dream came true and 4 Hounds Grill was born. With a passion for food and the community, the new to Bradenton, family owned and operated eatery is committed to getting their ingredients from local sources.

With TV’s for sports and other interesting happenings, the 4 Hounds Grill is a fun place for family. Customers are treated like family as they enjoy fresh home-style food in a welcoming atmosphere. 4 Hounds Grill has daily specials for both lunch and dinner, which are posted every day on Facebook. Some favorites are the fresh baked Philly pepper that is stuffed with shaved beef, sautéed onions and mushrooms and topped with Provolone cheese or the deep-fried Brussels sprouts to begin your meal experience. The home made country-fried chicken and pizza are always great and even better when followed by homemade ice cream or a seasonal dessert. Come in and enjoy a cane sugar soda or beer and wine with your meal. All first time diners can enjoy a 10% discount just by checking into Yelp. 4 Hounds Grill is open Monday through Thursday 11am-9pm, Friday & Saturday 11am-10pm, and Sunday 11am-8pm with a Happy Hour every day from 3pm-6pm.

Florida's First "Commercial" Fishermen

Manatee County's South Manatee Branch Library is pleased to welcome John Beale of the Florida Maritime Museum to the library on Thursday, August 21, 2014 starting at 2:00 pm

The Education and Volunteer Coordinator for the Museum, Beale will present "The Calusa" a program about Florida's first "commercial" fishermen.

Long before Columbus sailed the Atlantic, the local Calusa Indians were great boat builders, fishermen, and traders. Learn what kind of boats they built, who they traded with, and

how they became the most powerful tribe in our area. Where did they come from and where might they be now?

This program is free and seating will be available on a first come, first serve basis.

Learn how to get the most out of your iPhone

Although it's been seven years since the first generation iPhone was introduced, many people are using their phones to make calls--and nothing else. If you're among those who are not taking advantage of the power of the device in your pocket or purse, come to the South Manatee Branch Library.

We are pleased offer a program presented by Rino Landa entitled "iPhone for Beginners" on Tuesday, August 19, 2014 from 2:00 - 3:00 pm

Bring your fully-charged iPhone to the library and learn how to get the most out of this powerful tool. You'll discover dozens of shortcuts and tips to make your iPhone experience simple and fun, plus you'll learn about the built in applications that you may not even be aware of.

Hanging a picture? Use the built in level! Need an alarm clock while you're on vacation? You're covered! What's next week's weather forecast for Paducah? That's available, too!

This program is free and seating will be available on a first come, first serve basis. Attendees should bring their (fully charged) iPhone with them to the library.

Paper Airplane Competition Program for kids ages 10 - 18

Manatee County's South Manatee Branch Library is pleased to announce a special program for kids ages 10 - 18 on Saturday, August 16, 2014 from 2:00 - 4:00 pm

Come join us as we dabble in the mechanics of aviation and take part in the Paper Airplane Competition. Compete against your friends to see who will be named the Paper Airplane Champion! Just bring your imagination and airplane folding skills—all required materials will be provided by the library.

The program is free and open to everyone with space available on a first come, first serve basis.

Herbal Medications

Join us at Manatee County's South Manatee Branch Library on Tuesday, August 12, 2014 starting at 2:00 pm as we welcome Dr. Chris Williams to the library for a program on Herbal Medications.

Dr. Williams, the clinical pharmacist for the Manatee YourChoice health network, along with a group of pharmacy interns from LECOM (Lake Erie College of Medicine) will provide important information about herbal medications and supplements. Learn about the safety and efficacy of these medications and how they are regulated. Attendees will also learn how to choose herbal products.

Bring your questions to this free program, seating will be available on a first come, first serve basis. There is no advance registration required.

August 2014 Bayshore Gardens Yacht Club Ramblings

Since our last Ramblings, members got together for a pool party at the Bayshore Community Center. BGYC Member, Joyce Fisher, brought a cake to celebrate our 58th anniversary. Unfortunately, the annual party, which was organized this year by our Rosemarie Woodruff, was cancelled due to the number of members who were out of town or away on vacation. The Board addressed this issue at their recent Board Meeting to consider the timing of future anniversary parties which are normally greatly attended by club members and their invitees.

Summer sailing on Sarasota Bay offers some of the most spectacular sunsets of the whole year...

The 4th of July fireworks celebration at Marina Jack at Sarasota's Bayfront was a great success. The weather was perfect for a ride down the bay and several members spent the night on their boats which were moored in the bayfront area. The fireworks were spectacular.

Bill Mueller commented on the fun "happy faces" in this year's fireworks display, which had been missing over the last several years.

Some of our members joined the Passagemaker's group (from the Sarasota Sailing Squadron) on their recent events. It is such a wonderful aspect of our Sarasota Bay, in that we have so many close boating organizations with whom we can join in their festivities.

Robin Addley and John Candreva, along with Rick Jackerson and Adelia enjoy a refreshing swim before the July 4 fireworks in Sarasota Bay near Marina Jacks as they rafted up with friends.

By the time this publication of the Banner is distributed, we will have had our annual Poker Run which was held on July 26. Results and pictures from this fun event will be reported in the next issue.

Summer racing can be great fun – as you can see with Tung Nguyen and his amazing catamaran with a very happy crew!

On August 3, we will hold our second Regatta of the season. If you wish to join us, the Skipper's Meeting will be held at 11:00 am at the Bayshore Community Center's screen room. Start of the Race at 1:00pm. The after Regatta party will be held in the Screen Room at 4:00 pm. Boat Registration fee is \$5.00, which includes the \$3.00 party fee. All are welcome. If you have any questions, call Commodore Horn at 201-6642. If you've been wondering what we're about, please join us for the after race party! Full details are listed at the end of this article.

SUMMER EVENT SCHEDULE

August 3 Regatta, Sarasota Bay. Pool Party thereafter 8:00 pm
 August 23 Full Moon Raftup – 6:00 pm – Left of Bayshore Channel Exit
 September 1 Board Meeting
 September 20 KIDS' FISHING TOURNAMENT
 Once again, we will hold a children's Fishing Tournament. Bill Mueller has agreed to coordinate this event which is well attended by Bayshore children and their friends from outside the community. Be sure to mark September 20 to your calendar and watch for more information in the next issue of the Banner.

Fair winds, Commodore Marie

(See race notice – next item.)

NOTICE OF BGYC SUMMER REGATTA RACE: Sunday, August 3, 2014

SKIPPERS MEETING: 11:00am at the Bayshore Gardens Community Center – Screen Room

FEE: \$5.00 per Boat (includes BBQ fee of \$3.00 for Skipper)

COURSE: Sarasota Bay, North of Bayshore Channel

RULES: The regatta will be governed by the rules as defined in The Racing Rules of Sailing.

ENTRIES: Competitors may enter by delivering a completed entry form and paying the \$5.00 fee at registration. The regatta is open to all boats. PHRF certificates are not required for this regatta. Notices to competitors will be posted on the official notice board located at the clubhouse screen room.

SIGNALS MADE ASHORE: Signals made ashore will be displayed. If a Postponement is signaled ashore, the warning signal will be made not less than one hour after the flag AP is lowered.

SCHEDULE AND CLASS FLAGS

Registration August 3, 2014	1000 – 1100
Skippers Meeting	1100
First Warning	1300
Second race	ASAP
(conditions permitting)	
Third race	ASAP

In the event of inclement weather, this regatta will be cancelled for the 2014 racing season.

Classes and class flags will be designated at the Skippers Meeting.

COURSES AND MARKS: The course will be designated on a board displayed from the race committee signal boat.

STARTING AND FINISHING LINES: The starting and finishing lines will be between an orange staff on the RC signal boat and the BGYC mark designated for start/finish.

BGYC Fishing Tournament Organizer Bill Mueller and one happy prize winner at last year's fishing tournament!

Container Gardening with Ornamental Plants

by Nancy Hammer, Master Gardener Trainee 2014

Container gardening is very popular in Florida. People living in condos and on small properties may have restrictions due to lack of space or homeowners association rules. Some people may have limited time to garden because of work or other responsibilities. Others may prefer container gardening because of cranky knees and backs. Some gardeners like to incorporate containers into existing garden beds to add variety and interest.

Just about anything that can hold soil and provide drainage can be a plant container, but the smaller the container, the more often it will need to be watered. Some of the most common container materials include clay, plastic, wire, cement, fiberglass, ceramic, and hypertufa.

There are advantages and disadvantages to each material.

Lightweight materials such as plastic and fiberglass are available in many colors, textures and styles, and the light weight makes them easier to move. However, the containers need to be heavy enough not to topple over in winds, especially when planted with tall, top heavy plants such as palms. If additional weight is needed in a lightweight container, putting bricks or rocks in the bottom (not covering drainage holes) will help. Ceramic, cement, and clay may be more appropriate in high wind situations.

Hypertufa consists of Portland cement, sphagnum peat moss, and perlite, and is somewhat lighter than ceramic, cement, and clay. Check out our workshop on July 19 to make hypertufa pots. No

matter what type of container, drainage holes are critical to avoid overly wet soil and root rot. On hard surfaces, place heavy containers on plant stands with wheels that allow the pot to be easily

perlite, vermiculite, and composted forest products. Some mixes also contain slow release fertilizers and water saving gels. According to the labels, the gels absorb water making it available to plants as needed.

Avoid dense potting mixes that tend to hold too much water which can stress plants by reducing air to the roots. Also avoid using soil from the yard or garden. These soils may drain poorly as well as have insect pests and disease pathogens. Deep or big containers require large amounts of soil. Therefore, another benefit to good commercial potting mixes is that they are light weight. The weight of the container can further be reduced by placing filler such as empty plastic bottles or non biodegradable packing peanuts in the bottom.

moved. Saucers can be used to protect deck surfaces, but be aware they should be emptied after watering or rain so that roots do not drown and rot.

A good potting mix is generally soilless, and includes absorbent materials that retain moisture while also allowing water to drain. It may contain materials such as peat moss, coir,

Here are some examples of tried-and-true designs that create eye-pleasing container gardens:

- Determine which side of the container is the primary view, or "front." Place several plants in the container so that tallest plants are in the back and shortest plants are at the front edge of the pot. Repeat some of the same plants if the container is large enough. This helps create unity and continuity.

- Use a specimen plant in the center of a pot as an "anchor" around which colorful annuals and perennials can be planted. The specimen plant provides a background against which the annuals and perennials display their color. The specimen plant provides the permanent component in the container. Changing the annuals and perennials seasonally or as needed keeps the plant composition looking "fresh."

A mix of tall plants placed in the back and short plants positioned along the front edge of the container

- With large containers, partially bury empty containers around the specimen plant to allow quick and easy changes of seasonal color by "dropping in" pots of annuals.

- Another sure-fire arrangement uses a trio of an upright plant, a mounding plant (or plants), and a trailing or weeping plant. The mounding plant forms the overall mass of the planting while the upright plant catches the eye and the trailing or weeping plant softens the container edge and adds interest.

This container features an evergreen as the "anchor" plant with poinsettias used for winter color and petunias for spring color.

- For a classic look, use a single specimen plant. This style highlights that plant and creates an air of simple elegance. However, that single plant has to be top-notch in appearance and vigor or the container garden will appear "tired." Choices for the single specimen plant might be a large succulent, palm, cycad or ornamental grass.

A large container of mixed annuals and perennials adds color to this patio

Let the Banner Hear from YOU!

This paper has run without fail for 57 years and counting. Quite a record for a small paper! But in order to keep serving our community, we need input from you, the residents.

Your news is noteworthy such as: new babies, birthdays, engagements, weddings, anniversaries, obituaries, school achievements, scholarships, community events, travels, interesting people, photos, hobbies, gardening tips, classifieds, and always, stories about our men and women in the military.

A newsy or controversial Letter to Editor is always welcome! Letters to Editor should be 200 words or less. Community Notice for events, activities, Club events, or fund-raisers should be 3" wide x 5" high and as "catchy" as you wish. (We can help with that) Deadline is the 15th of each month.

We love our Neighbors in Bayshore Gardens!

Planting From the Produce Aisle

by John Dawson, Master Gardener 2007

Ask a small child where food comes from, and they will likely tell you "From the Grocery Store!" A great learning opportunity and family project is to grow food from the grocery store in your own home garden. There is a large variety of items which will grow from the produce shelves; the trick is knowing which ones. Making choices from the organic foods aisle will guarantee they have not been pre-treated. Although it should be quite obvious, foods that have been frozen or come from cans/boxes are not viable choices.

Most grains, like rice, are processed and will not sprout. Tree and bush fruits may provide viable seeds which sprout, but may take many years to bear fruit (a lesson in itself). So what are good choices for the beginner that should be successful?

Here are some I have tried that never fail.

SEEDS - Not all seeds /vegetable slips from the grocery store are viable (i.e. grow into a new plant). Some may be too old to germinate well, while others are irradiated so they won't sprout. Some seeds may also have a poor germination rate even if the seeds aren't treated to prevent germination, because they haven't been stored at optimum conditions for planting.

Testing the germination rate of the seeds before you plant them helps you determine whether the seeds are viable and how many you may need to plant to grow your desired number of plants. You don't want to disappoint your child (or yourself) with failed plantings. A simple test is to layer several paper towels on top of each other and moisten about 7 to 10 days, check the seeds to see how many sprouted. If only one-half of the seeds sprout, you will need to plant twice as many seeds as the number of plants you want. Of course if none sprout, they were probably non-viable.

Spices - Depending on how they were stored, seeds from the store's spice racks should sprout. Conduct the germination test prior to planting mustard, coriander, flax, poppy, dill, caraway, cumin, cardamom, fennel, anise, fenugreek, and caraway. Celery seed is actually the seed of the smallage plant (relative of celery), so do not expect the tall stalks you find in the store.

Beans - Almost all the dried beans that are used for soup should be viable for planting. Just save a few to test and select what you need to plant before you make your soup. Plant in the ground or pot (twice as deep as the diameter of the seed) in a sunny spot and keep moist. You should see sprouts within 7 to 10 days. Dried peas (not split), will also work.

Vegetables - The seeds from vegetables with seeds (technically fruit) can be saved and planted. Collect the seed, wash off all vegetable matter, and allow to dry for several days. Heirloom vegetables will come true to seed (i.e. what you get is what you ate) whereas hybrid plants may produce vegetables which may or may not look or taste like the original vegetable. Pumpkins, squash, zucchini and gourds are usually easy to grow this way. Cucumbers, eggplant and melons are a bit more difficult and are usually grown as hybrids.

Chayote is a seed that can be planted whole (keep the smiley side out of the ground). Tomatoes require more preparation of the seed and do well only from heirloom fruit. The smaller cherry and grape tomatoes are the easiest.

Bird Seed - As anyone who has ever spilled seed when filling the feeder, you know that soon, weeds start to show up under the feeder. These weeds are actually the plants from which the bird seed came from: usually millet, thistle, safflower and sunflowers.

PET OWNERSHIP & THE LAW: Humane Treatment, Installment 3

(Excerpts from Manatee County Animal Services Handbook)

Humane or humanely means practicing responsible animal husbandry ; the management and care in feeding, watering, ventilation, space and confinement, exercise, lighting, adequate protection from the elements in shelter, handling and treatment in a manner consistent with the physical and behavior needs of the species. The definition also includes the provision of euthanasia consistent with lawful practices. Sec. 2-4-8

There are **FINES** for inhumane treatment of animals:

- 1st offense: \$300
- 2nd offense: \$400
- 3rd offense: \$500

It is Unlawful to Chain or Tie Up (tether) Your Dog or Cat.

“Tether” shall mean to restrain an animal by tying it up to any stationary object or structure by means of chain, rope or other binding material. Tethering does not include using a leash to walk an animal. Under NO circumstances shall a person tether any dog or cat outdoors. * *Unless the owner is outside with the pet and can see the pet.* * *At no time is the pet to be unattended when tied up.* * *No pets under 6 months of age are to be tethered.*

FINES for Tethering a dog or cat:

- 1st Offense: \$200
- 2nd Offense: \$350
- 3rd Offense: \$500

Some interesting statistics and mostly just common sense: One fourth of all dog bites reported nationally are inflicted by chained dogs wherein most of the victims are children. (Animals feel vulnerable when restricted and become very paranoid)

Tethered dogs are more likely to be problem barkers. (see nuisance dogs)

Tethered dogs cannot protect your home if tied up outside. They can be easily injured by other animals, strangle themselves, be stolen or deprived of their food and water by tangled tethers.

Helpful Suggestions:

Indoors: Crating. See www.paws.org/crate-training-benefits

Outdoors: dog house in kennel or fenced area. Video http://youtube.com/watch?v=eYpE7_JIjlo

CRUELTY TO ANIMALS, It's a Crime and can result in FINES or ARREST

Cruelty shall mean any act, omission or neglect whereby unnecessary or unjustifiable pain or suffering is caused or permitted, unless excepted by the Law Sec. 2-4-9.

Intentionally committing an act to any animal which results in a cruel death or, or excessive or repeated infliction of unnecessary pain or suffering, or cause the same to be done.

- Keeping an animal in any enclosure without wholesome exercise and change of air.
- Abandoning an animal to suffer injury, malnutrition, or illness without veterinary care.
- Impounding or confining an animal without a sufficient quantity or clean water and good wholesome food.

To report animal cruelty, abandonment or neglect In Manatee County call, MCAS at 941-742-5933.

Animals in vehicles; hot temperatures can be fatal to your dog.

An animal shall not be placed or confined, or allowed to the placed or confined, or allowed to remain in an unattended vehicle, without sufficient ventilation or other conditions, or for such a period of time as may be expected to endanger the health or well-being of such animal due to heat, lack of water or such other circumstances which may cause suffering, debility or death.

Any law enforcement officer who finds an animal in a vehicle in violation of this Section is authorized to enter the vehicle by using the amount of force reasonably necessary to remove the animal. If you witness an animal left in a closed up car and feel it is distress Call 911.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

GO FIGURE! by Linda Thistle

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

DIFFICULTY: ★★

- ★ Moderate ★★ Challenging
 ★★★ HOO BOY!

Junior Whirl

by Hal Kaufman

NINE COUNT! Object of this exercise is to see that the nine circles of the triangle at right contain the digits 0-8 in such a manner that digits in circles on each of the sides have a total of 13.

Digits 0, 1 and 2 are already in place, leaving just six more to be inserted.
 Clue: Two missing digits on one of the three sides are even numbers.
 Try to puzzle it out in two minutes or less.

YOUR CALL! "The _____ is the greatest nuisance among conveniences, the greatest convenience among nuisances," said Robert Lynd. Of what did he speak?

WATERED DOWN BIRD WORDS

THOSE who know their sea and marsh birds, and also know their vowels, should have an easy time here. To identify birds, simply insert missing vowels below.

- G-ll.
- H-r-n.
- gr-t.
- Gr-n.
- b-s.
- St-rk.
- Sn-p-
- R-l.
- T-m.
- St-ll.
- P-tr-l.
- P-l-c-n.
- G-nn-t.
- spr-y.
- C-t.
- P-ff-n.
- B-tt-m.
- Shr-k-
- Pl-v-r.
- P-ng-n.

PAINT SET! Two of these artists are twins. Which two is for you to decide. Be sure to study all details carefully.

Simple, Summer Pie Recipes

Chocolate Cream Pie

Ingredients

1 9" frozen ready-to-bake deep-dish pie shell
1 (4-serving size) package instant chocolate pudding and pie filling
1 3/4 cup milk
1 (.25 ounces) envelope unflavored gelatin
3 tablespoons hot water
1 cup (pint) heavy cream
2 tablespoons sugar

Directions

Bake pie shell according to package directions. In a medium-sized bowl, combine pudding mix and milk; mix well.

In a small bowl, combine gelatin and water and beat with a fork until completely dissolved. Add to pudding mixture; mix well. Pour into pie shell and refrigerate 2 hours or until pie is firm.

In a medium-sized bowl, with an electric beater on medium speed, beat cream and sugar 2 to 4 minutes, until stiff peaks form. Spread whipped cream over firm pie. Serve immediately or cover and chill until ready to serve.

Lemonade Pie

1 (12-oz.) can evaporated milk
2 (3.4-oz.) packages lemon instant pudding mix
1 tablespoon lemon zest
2 (8-oz.) packages cream cheese, softened
1/2 teaspoon vanilla extract
1 12oz can lemonade concentrate, thawed
1 (9-inch) ready-made graham cracker piecrust
Thawed frozen whipped topping

Garnish: crushed lemon drop candies

Whisk together evaporated milk and next 2 ingredients in a bowl 2 minutes or until mixture is thickened. Beat cream cheese and vanilla at medium speed with an electric mixer until fluffy. Add lemonade concentrate, beating until smooth; add milk mixture, and beat until blended. Pour into crust. Cover and chill 8 hours or until firm. Dollop each slice with whipped topping. Garnish, if desired.

Kiwi Lime Pie

Ingredients

1 (14 oz) can sweetened condensed milk
1 (6 oz) can frozen limeade concentrate, thawed
1 8oz container whipped topping, thawed
1 (9-inch) graham cracker pie crust
2 kiwifruit, peeled and thinly sliced

Directions

In a large bowl, combine sweetened condensed milk and limeade; mix well.

Fold in whipped topping. Spoon into graham cracker crust and chill 4 hours, or until set. Top with kiwi slices and serve, or cover and keep chilled until ready to serve.

Garnishing Tip

A few fresh raspberries sprinkled on top add nice color and flavor contrast.

Creamy Strawberry-Mint Pie

1/2 (18-oz.) package reduced-fat cream-filled chocolate sandwich cookies
2 tablespoons butter, melted
1 qt. fat-free/low-fat strawberry frozen yogurt
1 (16-oz.) package fresh strawberries, hulled
2 tablespoons powdered sugar; 2 tablespoons chopped fresh mint
Garnishes: fresh strawberry slices, edible flowers, Strawberry Sauce.

Preheat oven to 350°. Process cookies and butter in a food processor until finely chopped. Firmly press mixture on bottom and up sides of a lightly greased 9-inch springform pan. Bake 10 minutes. Cool completely on a wire rack (about 30 minutes). Let frozen yogurt stand at room temperature 20 minutes or until slightly softened. Process strawberries, powdered sugar, and mint in food processor until strawberries are pureed, stopping to scrape down sides as needed. Place frozen yogurt in a large bowl; cut into large (3-inch) pieces. Fold strawberry mixture into yogurt until smooth. Spoon mixture into prepared crust. Freeze 3 hours or until firm. Let stand at room temperature 15 minutes before serving. Garnish, if desired.

5 Star Apple Tart

Ingredients

6 medium apples, peeled, cored, & thinly sliced
1 cup sugar; 2 teaspoons cornstarch
1 (15oz) package refrigerated rolled pie crusts

Directions:

Preheat oven to 325 degree F. Place apple slices on a rimmed baking sheet and bake 10 minutes. Place warmed apples in a large bowl then add sugar and cornstarch; mix well. Refrigerate apple mixture 5 to 10 minutes. Meanwhile, place 1 pie crust in a shallow 9-inch pie plate, pressing crust firmly against plate. Pour apple mixture into pie crust then place remaining pie crust over top. Trim and pinch edges together to seal. With a knife, cut four 1-inch slits in top of crust. Increase oven temperature to 400 degree F. Bake pie on a cookie sheet 30 to 35 minutes, or until crust is golden. Serve warm with vanilla ice cream.

Tasty Toffee Cheesecake

1 (16oz) package refrigerated oatmeal cookie dough with chocolate and butterscotch chips
2 (8oz) packages cream cheese, softened
2 eggs; 1/2 cup sugar
1 teaspoon vanilla extract
4 (1.4oz) toffee candy bars, coarsely chopped

Directions

Preheat oven to 350 degrees F. Coat a 9-inch deep dish pie plate with cooking spray. Slice cookie dough into 24 slices and arrange on bottom and up sides of prepared pie plate. Press dough together, making a uniform "crust"; set aside. In a large bowl, with an electric beater on medium speed, beat cream cheese, eggs, sugar, and vanilla 1 minute, until well mixed. Stir in candy pieces and pour into pie plate. Bake 40 to 45 minutes, until center is firm. Remove from oven and allow to cool. Cover loosely then chill at least 4 hours before serving. Notes: To make the cookie dough easier to slice, freeze it for 2 to 3 hours before starting this recipe.

Robin and her husband, Bob, have lived in Manatee County for well over a decade. Prior to being elected to the County Commission, Robin spent six years helping Florida families achieve their dream of owning their own home, as a Broker-Associate with Michael Saunders and Company.

In addition to serving on the County Commission, Robin served as a member of the Manatee Port Authority, the Affordable Housing Committee, and the Airport Advisory Commission, as well as serving as Chair of the Civic Center Authority and the Community Redevelopment Agency.

Robin's commitment to open, accessible, and responsive government has been called, "a breath of fresh air." For Robin, it is, and always will be, about serving the hard working people of Manatee County.

Robin's Reforms

- Keeping Your Taxes Low
- Supporting our local businesses and economy
- Attracting manufacturing and new growth industries
- Streamlining regulations and incentives to encourage Job Creation
- Supporting our Sheriff's Office in fighting crime and violence
- Securing Safe Neighborhoods and protecting our quality of life
- Protecting our pristine coastline and our natural resources
- Revitalizing South County along the 41 Corridor
