Woodruff **seconded**. **Motion Passed, Unanimously**.

Regarding the August 25th Board of Trustees Meeting Minutes, B. Baxter made the addition of a date for the Recreation Committee for clarity. B. Baxter had some questions about the wording of the large trailer parking. Discussion proved the wording to be acceptable. B. Baxter made a **motion to accept the minutes, with corrections, for the August 25, 2021, Board of Trustees Meeting**. S. Watkins **seconded**. **Motion Passed, Unanimously**. M. Woodruff made a **motion to accept the minutes from the Board of Trustees Work Session on September 15, 2021**. B. Susdorf **seconded**. **Motion Passed, Unanimously**.

**District Office Manager's Report** - The cost of the Porta Potties has gone up \$99.00 to bringing the cost to \$332.50 each for the two. The pool is still leaking, and we need to have a plumber come out. There was some vandalism on some signs at the ball field. Discussion from the floor about installing cameras ensued. Simone Peterson, from the County, advised that there is a program that might provide up to \$10,000.00 in matching grant money for this type of project. Committee meetings for October - Policy and Procedures Committee on 10/05 @ 7:00 p.m., Recreation Committee on 10/05 @ 8:00p.m., Personnel and Salaries Committee on 10/06 @ 7:00p.m. S. The field is being conditioned for this activity. Bases will be required for the softball games. B. Baxter made a **motion to approve spending an amount not to exceed \$40.00 for the bases**. The **motion was amended to not to exceed \$100.00**. S. Watkins **seconded**. **Motion Passed unanimously**. S. Watkins stated that he had concerns about the ball fields safety. Our maintenance has been working to level the field for the past few weeks. B. Baxter stated that the field will be inspected for safety prior to play on 9 October. The volleyball equipment was left in a tangled mess and steps should be taken to avoid this happening again. S. Watkins suggested that Gia investigate the cost of purchasing clay for the ball field. **Continued on Page 3**

## ***Board of Trustees Meeting Minutes - Continued from Page 2***

**Marina Committee** - M. Raymer reported that the County was in the north end of Marina doing soil testing. There was a disabled boat on a trailer this evening on 26th Street at the Marina. M. Raymer asked the Dockmaster for a report on the progress of slip rental renewals. Jose Alicea advised that he had notified some 8 non-residents that there would be renewals available for them due to waiting list residents cancelling their requests for slips and that overall, the renewal process was proceeding smoothly. M. Raymer suggested later office hours for contracts. Through discussion it was determined that this had not been a benefit in the past. M. Raymer will inquire, with Duncan, about the installation of a piling at slip 52. The electrician for Duncan is checking with the county to see what if anything needs changed to pass the electrical inspection. S. Watkins requested that the Dockmaster's Report be brought back in the Bayshore Banners. Some discussion about content of the report took place.

**House and Grounds Committee** - B. Susdorf reported that the Committee talked about tree trimming. There were three quotes, one for Olive Branch, \$3361.00 with 113 trees to be trimmed, one from Terry's Tree Service trimming 147 trees for \$10,805.00. The third quote was for over \$12,000.00. These quotes include haul away. D. Rawlinson made a **motion to accept the Olive Branch bid for \$3361.00. S. Watkins seconded. Motion Passed, Unanimously.** S. Watkins suggested the mangroves need trimmed. B. Susdorf reported that an area down by the beach is overgrown. A project to landscape the area using landscape fabric and rip-rack with plantings was proposed. A discussion ensued. The project will go back to committee. M. Raymer suggested that we needed to get a second weed eater for the district. S. Watkins made a **motion to approve the purchase of a second weed eater cost not to exceed \$400.00. M. Woodruff seconded. Motion Passed, 6 to 1. S. Watkins voted no.**

# MANATEE MATTERS WITH COMMISSIONER MISTY SERVIA

## GOOD TEAMS WORK TOGETHER

My good friend recently reminded me of the Dr. Seuss book, Yertle the Turtle; a story of rhymes about a turtle who thinks he is the king of the pond. Yertle demanded the other turtles stack upon each other's backs to build a tower so that he could sit on top and see for miles and declare himself the King of all that he sees.

"Beg your pardon, King Yertle. I've pains in my back and my shoulders and knees. How long must we stand here, Your Majesty, please?"

The higher the tower the more Yertle barked, "SILENCE!" at the others and called to make the throne even taller. Then, at the bottom of the heavy stack came a groan from a little turtle named Mack. "Your Majesty, please...I don't like to complain, but down here below we are feeling great pain. I know, up on top you are seeing great sights, but down at the bottom we, too, should have rights."

Yertle was a bully, and we all deal with bullies in our lives who want to be King because they believe they are right. Sometimes bullies work behind the scenes, and sometimes they are right in your face and act as if you have 100% responsibility to correct what they feel is wrong. They control through fear. But, when we step back with an open mind and try to see the bigger picture, we can understand why the bully may be short-sighted.

At the end of the story, Mack burped, and the tower tumbled to the ground, and the turtles lived happily once again. I appreciate the way the story illustrates that considering everyone's needs before making a decision creates a happier community.

Let's face it, we all have things we want to

accomplish, and it is important to recognize that we all have blind spots too. And that's the value of involving the public in the work of the Board of County Commissioners; because, when we widen our view, we may see things more clearly.

Our Board is regularly faced with making decisions that serve our community of 400,000 people. Last week the Board voted to remove a portion of a major roadway from a 30-year planning map. The road had been planned for 20-years and right-of-way was systematically acquired over the years to connect the road between two main corridors. I sympathized with the residents who showed up in red shirts and wanted the road removed so that it would not impact their neighborhood. But, I also thought about the others who will now be faced with traffic flowing through their local streets instead of on the main roadway. What about the next generation of people who will wonder why we didn't better plan for growth?

Look, these red-shirts were not bullies – far from it - but they were only focused on their wants, and closed to the needs of the county at-large and the next generation. And, this is an example of why I encourage the public to get involved in their local government; because, when we have the spirit of being in this together, we achieve sound solutions that are vetted by the people who represent different areas of our community.

Redistricting is another opportunity to get this right.

Yertle missed the early lessons on teamwork, compassion, and community, but I'd like to think he learned these values in the end, albeit the hard way. What is the old proverb? "To do fast, go alone. To go far, go together."
