In our 63rd year of serving the community

UPCOMING EVENTS

Budget Presentation & Vote Thursday, June 11 at 6 pm Bayshore Gardens Rec Center

June 6, 10 am: Woodchoppers Meeting

Garden Club activities are canceled

Neighborhood Watch activities are canceled

Yacht Club activities are canceled

Bayshore Gardens Pool will remain closed until further notice

Visit bayshoregardens.org for the Board of Trustee Meeting Minutes

ATTENTION Bayshore Gardens Boaters

Effective June 4, 2020 parking by Bayshore Gardens issued parking decal will be strictly enforced in the secured areas behind the north and south gates. Upon contract signing for a slip or gate FOB, each contract signor receives a blue parking decal that is to be placed on the driver's side of the windshield.

Please advise friends and family accompanying you that they must park outside the gated area. Those who park in the secured area without a permit are subject to being towed at their expense. If you are a slip holder or gate FOB user and do not have a parking decal, you may obtain one from the office.

Covid-19

Update Yes, COVID-19 is still with us, however, so is your Neighborhood Watch and Homeowners Association, as well as the Jam Session. Rock on! This summer as we hope the Coronavirus is less contagious, we plan a kids cook off, block parties, wine and cheese night, potlucks and informational programs. If you would like to join, volunteer or learn to play a musical instrument (or to read music), call Dan anytime at 941-755-9388 or watch for more information in the Banner. We are hoping to hold the Jam Session in the screen room until we can reconvene in the recreation hall. It is going to be a great summer.

See something say something – Manatee Sheriff's Office – 941-747-3011 Ext: 2260

"There is too much negativity in the world. Do your best to make sure you aren't contributing to it." — Germany Kent

PROPOSED BUDGET FISCAL YEAR 2020 - 2021 REFLECTING \$100 INCREASE

Meeting to vote on Budget, June 11, 2020 6 pm

| Total Expense | 728,242 |
| Anticipated Reserve Funds for 2020-2021 Fiscal Year | 135,000 |

Reasons to Contribute to A Reserve Fund

When it comes to adopting an operating budget, reserve contributions are far down on the list of items to include. A typical operating budget will include things like; utility bills, insurance premiums, landscaping maintenance, and management fees. Unfortunately, reserve contributions are viewed as something that can only be done if the association generates an end-of-year operating surplus. Most homeowners consider reserve expenses as far out in the future and do not plan on living in the community when these expenses occur, so there is no reason to pay for replacement of something you won't be around for. Below are four reasons to contribute on a regular basis to a "Reserve Fund".

- 1.Reserve Contributions are required.
- 2.Everybody should pay their share
- 3. Protect your investment
- 4. Sound business judgement

Reserve Contributions are required

It is a Board member's fiduciary responsibility to maintain and preserve the assets of the association. Part of this fiduciary responsibility includes collecting an appropriate amount of reserve contributions. Currently, there are 30 states with some form of reserve funding legislation. Check your governing documents for specific requirements in your community, but chances are good that reserve contributions are not an option for your community.

Everybody should pay their share.

Reserve components such as roofing systems, paint surfaces, asphalt, and mechanical equipment deteriorate on a daily basis due to general wear and tear, oxidation, UV rays, and other weather related elements. Although deterioration occurs on these components daily, replacement may only occur every couple years and in the case of the roofing system, replacement occurs every 30 years. It is not fair for early homeowners to enjoy years of

Continued from Page 4

maintenance-free roofs without setting aside funds to cover the ongoing deterioration of that roof. Future owners should not get stuck with an expensive roof replacement because past owners neglected to set aside adequate reserves. Protect your investment. Reserve contributions help maintain the property's value and the property owner's investment. By budgeting for future capital improvements, the property's common elements continue to look attractive and well-kept, adding to the community's and your property's value.

Sound business judgment.

It is much easier to set aside a small amount of money each month now, rather than face the possibility of large special assessments later. Proper reserve contributions generally amount to just a few dollars a day per unit. Thanks to compound interest, these contributions accumulate day after day, year after year, and eventually grow big enough to offset large repair and replacement costs in the future.

Woodchoppers Club

The next scheduled Woodchoppers meeting is Saturday, June 6th at 10 am. We plan to set up workshops for the vacuum system installation at the meeting. We postponed our May meeting due to the Coronavirus mandates.

The back doorway work requires some final details. The wall needs another coat of paint inside and the trimming needs to be replaced plus a handle/cleat on the outside.

At our June meeting we will be setting up Work Shops for the vacuum system installation.

Memberships will be available immediately after the June meeting and they are available at the Recreation Center Office during regular business hours. Members must be adult residents of the Bayshore Gardens District.

As always, if there is any problem with a tool, please notify an officer and leave a note/tag on the tool. Club Officers' numbers are listed on the front window. Use safety equipment when using any power tool. Shop users are required to sign-in at the door and clean up after using the Shop.

Stay safe.

Gwen Norris

DOCK MASTER NEEDED

Bayshore Gardens is currently accepting applications for the part-time position of Dock master for our 97 slip marina. Duties include, but are not limited to the following: Proper attachment of dock lines and enforcement; assignment of dock space to new renters; inspection of the marina for enforcement of marina rules; gathering EPA water samples and quarterly submission to lab. A full job description can be obtained from the District office.

Bayshore Gardens residents are encouraged to apply. Office: 941-755-1912

JUNE 1st IS THE BEGINNING OF HURRICANE SEASON

For those who believe the virus was a hoax, you may believe you don't have to prepare for a hurricane, but for the rest of us, being prepared is our only option. Many things on this list can be crossed off: just look it over and do the things you need to do for your home and family.

CERT - (Community Emergency Response Team)

CERT receives daily briefings from Manatee County Emergency Management and we distribute them to our members as well as to members of the community who request that information. Please let us know if you wish to be added to that email distribution, send request to originaltr@cs.com

Hurricane season is quickly approaching. If you don't have your hurricane guide, you may pick up a copy at the District Office. The guide gives you a lot of information regarding shelters, what to take, and more. We are also recruiting CERT members and hope that you will talk to us about CERT. Our training is for more than Hurricanes and may save someone's life; it could be a loved one.

We are working with Manatee County Sheriff Department's for more community programs. We will keep you informed of the progress and would appreciate your suggestions for programs that would benefit you. We are very appreciative of the Sheriff Department's commitment to CERT and our community. We participate quarterly with representatives of the Fire Departments, Sheriff's Department and Emergency Management to insure a better response in an emergency. If you have concerns or questions about emergency response, please discuss with a CERT member.

We would like to schedule a "stop the bleeding" class for our members in the near future and the community will be invited to join us for this training. If you are interested, let us know.

CERT currently is not meeting because of the Virus. We must meet in June to prepare for the Hurricane season. We may be your only link to get help should we lose our cell service or the 911 lines go down. We can reach Emergency Operations Center to get help for our community using walkie talkies and HAM radio. We do not serve the District facilities.

Call 942-7521 or email originaltr@cs.com

Manatee Matters with Commissioner Misty Servia

Whitfield Roadways May Soon Change

Most of us are familiar with the term "right-of-way" as synonymous with "roadway", but rights-of-way are more than just the roads we drive on. Rights-of-way are legal ways that we cross properties with vehicles, trains, bicycles and as pedestrians; and they are owned by governments, which means they belong to the taxpayers. Governments have the authority and a responsibility to maintain and regulate the rights-of-way for the benefit of the public.

In Whitifield, we have five rights-of-way that deadend into Sarasota Bay, providing public access to the water. Of the five, (Whitfield Ave, Pearl Ave, North Isle Drive, Gaines Ave, and Delmar Ave) Whitfield Avenue is the most popular because there is easy access to the bay to launch a canoe or kayak and I hear the fishing is good too. You will find vehicles parked at the ends of these roadways most days as people enjoy the beautiful water. There are single-family homes along these roadways too, and this is where the rights of the homeowners are clashing with the rights of the public's access to the water.

Continued on Page 8

Manatee Matters continued from Page 7

Not one of the neighbors I've spoken with objects to the fisherman or kayakers, but some of them blew their top when they saw people pitching a tent and lighting a grill to cook their fresh catch and then use the shoreline as a bathroom. The trash is a constant problem and requires the nearby homeowners to pick up daily after the nightly parties. Most concerning is the drinking and drug use that has unfortunately become common at these secluded areas.

The neighbors are frustrated and have asked the county to step in and restrict parking at three of these dead-end roadways. Most of the problems are at night, so the neighbors have asked for signs prohibiting parking between 10 pm and 6 am. These days, this ask can spark a protest of those who feel their civil liberties are being trounced on if the government restricts "their freedom", but what about the rights of the neighbors who live on this roadway? As for the Sheriff, his hands are currently tied, but he could enforce a "no parking zone" with proper signage.

Our new COVID-19 lifestyle has underscored the sharp divide among Americans' feelings for their government. There are those who support "shelter-in-place" orders as a means to protect the public by slowing the spread of the virus and others who view it as an attack on their constitutional freedoms. I see these same competing goals with the Whitfield rights-of-way when talking about limiting the ability of the public to use it.

So, let's break it down and start by evaluating why we have rights-of-way in this location. Obviously it allows drivers to access the driveways of their homes, allows bicyclists and pedestrians to enjoy the fresh air, and permits the public to access Sarasota Bay to fish, boat, or enjoy the beautiful view. These areas are not campgrounds or parks, so pitching a tent or using the shoreline as a bathroom is unacceptable. Drug activity and

littering are illegal, period; so clearly not appropriate here either. The government is often put in the position of considering restrictions on freedoms of some citizens to protect the freedoms of others. James Madison had it right when he said, "If men were angels, no government would be necessary."

So our job as your county government is to make sure that public facilities are available for everyone to safely use them as intended. It's my opinion that if restrictions are enacted, they should be the least amount of restriction possible so that the public can continue to enjoy the water and the homeowners can live without fearing for their safety, but I want to hear from you.

I have tentatively scheduled a public meeting for June 9th at the Crosley Estate to hear from the community. Please follow me on my Facebook page, Misty Servia - Manatee County Commissioner for updates. This is just another example of the decisions your county commission considers when serving our community. I hope you will be involved as we decide how to best serve everyone.

Misty Servia is a certified planner and a Manatee County Commissioner who represents south county. You can reach her at misty.servia@mymanatee.org.
