**Website: [www.cert-te.org](http://www.cert-te.org)**

Our CERT is always welcoming HAM operators as that may be the only means of communication in a disaster should we lose cell or the 911 system. CERT will offer classes for Ham licensing test preparation on the evenings of December 4th, 7th, 11th, 14th and 15th if necessary. If you are interested in taking the class email [originaltr@cs.com](mailto:originaltr@cs.com) to register. The classes will be held in Trailer Estates. It is not required to be a CERT team member to take the HAM operator training.

Our team participated in the Cedar Hammock Open House. We estimate in excess of 200 cars and our team cooked over 400 hotdogs. This is a real community event with lots of stuff for our kids. Face Painting was a very popular event for the kids as well as a blow up firetruck for the kids to climb up and slide down. It is very educational for the adults. We will let you know when the time comes next year.

**YOUR COMMUNITY NEEDS YOU**

We are fortunate to have gotten thru another Hurricane Season without heavy hurricane damage. Just a little wind one night. We need more volunteers on our team to serve Bayshore Gardens in a disaster.

CERT may be the only entity available to help you. FEMA recommends a community CERT to be self-sufficient for 72 hours. Once you receive the training, there is not a lot of time commitment for CERT unless a disaster hits. The training is a FEMA requirement and curriculum. Watch our articles for the next training opportunity. The training is free. If you have questions, feel free to call the number above or email to us.

Visit our website for more information about our CERT and at [FEMA.gov](http://FEMA.gov). We meet the third Wednesday of the month in the small hall, 10:00 AM. You are always welcome.

Stay safe.

# BAYSHORE GARDENS GARDEN CLUB

Sweet Bay welcomed us to their Nursery on October 2nd at 2:00. The Garden Club's four participants were assisted nicely by the employees, answering questions and escorting us the plant(s). They have a large selection of Florida Native Plants. It is good to make a list of the plants that you want beforehand, and they would walk you right to them. Native plants are important for a garden or yard to lessen the maintenance. A big thank you goes to Sweet Bay.

A thank you goes to Terry Zimmerly who brought cool and wonderful refreshments for us.

We will have a meeting in the hall on Monday, November 6, at 1:00, and make wreaths. The season is upon us. Please bring your ideas and any supplies that you may have. More supplies should be available.

Club Officers' phone numbers are listed on the front window. Use safety equipment when using any power tool. Shop users are required to sign-in at the door and clean up after using the shop.

## Car Seat Distribution Class Cedar Hammock Fire- Manatee County

Thursday, November 16 · 9:30am

Cedar Hammock Fire Rescue  
6601 53rd Ave W Bradenton, FL

The car seat safety distribution classes are designed for families who are unable to obtain a car seat at the regular cost. Typically, qualifying families are to meet Medicaid guidelines or participate in some type of government assistance. Car seats can be distributed for unborn children or for children who are outgrowing their current seat.

\*The limit is one car seat per child\*, Unfortunately, we do not have the resources to distribute car seats for a second vehicle. The purpose of the program is that each child has the opportunity to ride safely in a car. We will provide education to transfer car seats from vehicle to vehicle.

Education and installation are a requirement to obtain a car seat for our program. Contributions of \$20 per convertible car seat are collected at the time of your appointment (cash or money orders only). Booster seats are \$10 each.

Call 727-767-7835 for additional information.
