JOB FAIR

Coming to the Bayshore Gardens Recreation Center on August 2, 2014 from 10am-1pm. More details to follow

RESIDENT SPOTLIGHT: Bill Fisher

He knows all the angles!

Long-time Bayshore Gardens resident and BGYC member, Bill Fisher, sure does know "all the

angles"! Shown here at the helm of his beloved catamaran Too Sexy, his is sailing with a group of friends on one of his almost daily tours around Sarasota Bay. If you want to check out his knowledge about angles, just check out his deck at the back of his lovely Bryn Mawr Island Drive home, which he shares with his well-known spouse, Joyce. You won't find a right angle corner there – nor in his unique re-designed galley kitchen indoors. He might also tell you about his on demand hot water system, or his cast iron wood stove as he pursues his ongoing efforts to conserve energy. If you want to know about sailing techniques,

Bill also knows all the angles in that regard too. There is no doubt Bill can fill you in on most community matters about Bayshore Gardens too!

Bayshore Gardens House Styles: Then and Now – Much change but the personality has been preserved!

When Sal Cumella, a graduate student from the University of Florida [shown right with Professor Dr. Linda Stevenson], presented his part of the Bayshore Gardens heritage preservation study, he gave us a glance back at lifestyles in the mid-1950s when our community was formed. He showed us cars with huge fin tails, bobby sox, and women wearing plaid skirts; and, our beloved homes as they were originally constructed. Our homes were designed in an effort to reflect the Florida west coast landscape. Their names were assigned to represent common aspects of our local geography.

In the intervening decades, many of these homes have been altered and slightly re-designed. There are new windows, doors; and, breezeways were often closed in to become garages. Other refinements have hidden the grand 'clerestory' windows below the rooflines, intended to let in floods of Florida sunshine. Some have been intentionally preserved in their original forms by caring owners. A few have permitted us to see their origins, regrettably, through neglect.

closed in to create a garage, the southerly roofline was extended, to provide some additional storage space, and a sunroom and a lanai were added to the canal side 'front' yard. A new breezeway was extended over the driveway to provide shade from the hot sun.

In our own home, the Carrolls, at 6916 26th Street, West, which we have only owned since 2010, most of the big changes occurred in the interior. Yet on the outside, the breezeway was

Blood Donations Are Crucial Part of Hurricane Season Prep List

The need for blood does not stop – even when a hurricane or tropical storm barrels through town. That's why OneBlood, the local blood center, is urging all donors to include blood donation as part of their hurricane preparations.

Hurricanes and tropical storms not only disrupt blood collections, but can potentially shutdown blood center operations in certain regions, sometimes for several days. The most critical time for blood donations are prior to any storm or hurricane in order to sustain the blood supply during and immediately after the event.

Blood donations are extremely important 7 days a week, 24 hours a day to supply life-sustaining blood to hospital patients. The need is heightened further during hurricane season, June 1 through November 30 and is why OneBlood encourages people to include blood donation in their summer plans and throughout hurricane season.

Please see our story about how the hurricane season can affect blood donations on our website <http://www.oneblood.org/media/Genre/Featured-Story/203302-hurricane-season-prep-list.stml>

WWW.MAMMAONESTIS.COM

If you haven't been to **Mamma Onesti's Pizza Pasta and Wings** (Located right on Bayshore Gardens Parkway), then you are missing out.

Owner Frank Scarpino made his way to Florida via New York, and was born in Calabria, Italy. He opened the first Mamma Onesti's in 1982 in Sarasota and is still going strong in Bayshore Gardens. Just like the of rest of us, Frank learned how to cook from his mother and father who owned a restaurant in Calabria, Italy. Frank then went to Culinary Training in Switzerland. So here is one of his special recipes to share with you.

Spinach Sausage and Beans

4 TBS. Extra Virgin Olive Oil
1 TBS. Butter
1 TBS. Minced Garlic
1/4 lb. Sliced Italian sausage
1 small can Cannellini Beans
1 bag of Fresh Spinach

Sauté butter, oil, sausage and garlic until sausage is browned. Then add can of beans with juice. Cook for approx. 5 minutes. Add spinach and cook for approx 5 more minutes. Enjoy!

Meeting Minutes

BAYSHORE GARDENS PARK AND RECREATION DISTRICT BOARD OF TRUSTEES

June 17, 2014

The regular meeting of the Board of Trustees of Bayshore Gardens Park and Recreation District was called to order by Chairman Maynard Boyce at 7:00 p.m. and was followed by the Pledge of Allegiance.

Notice of the meeting was posted in the June Bayshore Banner.

Roll: Kathy Lokos, Steve Watkins, Don Gassie, Maynard Boyce, Bob King and Richard Nelson.

A quorum was established.

Present: Joanne Manse, John Woodruff, Suzanna Young, Faye Golden and Lenny Lyons

Steve made a motion to approve the May Minutes. Bob seconded. Motion Passed.

Steve made a motion to approve May Financial Statements. Richard seconded. Motion Passed.

NEIGHBORHOOD ASSOCIATION:

Jeannette Sparrow

No report

CRIME WATCH

Steve Watkins

Steve reported MSO is patrolling the grounds more often. 10 more keys need to be ordered for the beach gate. These keys will be delivered to the MSO District 2 Office and distributed to the new deputies who now patrol our area.

MANAGERS REPORT:

Joanne Manse

Joanne stated Florida League of Cities sent a letter stating the district is not responsible for the dog bite in the park. The responsibility is that of the dog owner and the case is closed. Joanne reported the AED's are on order and should be in soon. Joanne stated there is rumor on miscommunication between herself and The Chairman.

Maynard will give Joanne directives by e-mail. Don requested the e-mails be forward to all the Board members. Joanne announced she is ready to come back full time starting June 30th.

BUDGET & FINANCE: **Jeannette Sparrow**

No meeting. No report. Next meeting will be July 9th, 2014 at 5:30 pm.

WEB:

Don Gassie

Don stated the five year plan dated history will be done soon. Don reported we now have eight color pages in the Banner. Don made a motion to determine the cost of color verses non color pages. Bob seconded. Any advertiser that wants their ad to be on a color page, there will be a surcharge based only on the publishers markup. This will be taken back to committee to determine the cost. Motion passed. Don made a motion to pay Kim Wind, our Banner and web design person \$20.00 per hour instead of \$15.00. Steve seconded. Motion passed. Steve made a motion to extend the 15% discount for six month ads for one more month. Kathy sec-

onded. Motion passed. New or continuing customers need to pay up front to get the discount. Next meeting will be July 9th, at 5:30 pm.

MARINA:

Richard Nelson

Richard stated we need to do something with a derelict boat docked in the marina. We will contact the lawyer and have him send a letter to the owner. Richard reported we have a resident with a 38' catamaran. The homeowner would pay the expense to have a piling removed to accommodate his boat. This will go back to the committee. There is going to be periodic gate checks possibly by July 4th. If the card doesn't belong to the person using it, the card will be taken and the owner notified. Next meeting will be July 9th, 2014 at 5:30 pm.

HOUSE & GROUNDS:

Bob King

Bob made a motion to give the executive committee the authority to have vehicles towed. Kathy seconded. Motion passed. The executive committee consists of; Chairman, 1st and 2nd Vice Chairman's, Treasurer and Secretary. Motion passed. Bob stated he has two bids for a one meter diving board. The cost will be \$19,000.00 Of which \$8,000.00 of this is installation. This is going back to committee for further evaluation. The lock on the Woodchoppers door is now back to the push button lock. Kathy made a motion to never discuss moving the oak trees along the north ball field again. Don seconded. Motion passed. Next meeting July 9th 2014 at 5:30 p.m.

PERSONNEL & SALARY:

Maynard Boyce/Bob King

No meeting. No report.

OLD BUSINESS: Maynard announced Dr. Faye Golden is interested in being on the Board. Maynard asked Dr Golden to tell the board a little bit about herself. Dr. Golden is native Floridian and has been in the area for 20 plus years. She is a homeowner in Bayshore and a registered voter in Manatee County. Dr. Golden is a licensed Chiropractor Physician as well as a teacher in Manatee County. A vote was taken to accept Dr. Golden as a new trustee. All are in favor.

NEW BUSINESS: Maynard would like the board to start budgeting yearly to have a landscaping reserve fund. Maynard would like to have more Florida friendly plants that don't require much water. This will go back to House and Grounds for further review.

Don Gassie made a motion on District Communication:

1. All employees and Trustees of the District will adhere to Florida sunshine laws.

2. All employees and Trustees of the District will conduct themselves in accordance with District bylaws and the passed motions that modify them.

3. The District Manager or his/her assigns will supervise and direct other employees. Trustees will not direct staff employees unless requested to do so by the manager or a Board motion.

4. Any direction given to the District Manager by the Trustees through motions or suggestions must be transmitted by the Chairman of the Board only, not by other Trustees, unless they are empowered by the Board to communicate directly.

5. The Chairman of the Board will direct the manager only as to bylaws and the motions that modify them. The Chairman must not give direction that is not endorsed by the Board.

6. Only the District Manager can authorize expenditures via office discretionary funds and will be solely responsible for said expenditures.

7. The District manager or assigns shall promptly advise all Trustees of any problems concerning personnel or facilities. All Trustees must be individually informed via email or regular mail.

8. Any employee with a grievance, safety warning or other concern that they believe may affect the District may directly communicate with any or all Trustees without fear of reprisal. But if a Trustee chooses to act it must be done through a Board action only. Bob seconded. Motion passed.

Don made a motion to hire an Assistant Manager: The position of Assistant Manager will be created and filled as described below.

1. An ad will be placed in at least the Herald and the Banner.

2. Manager will provide details and applications as requested. See below

3. Manager will forward all received applications to all Trustees.

4. Interested Trustees, with the advice of the Manager, will decide on a short list of applicants.

5. Selected applicants will be interviewed by Trustees and Manager. All will be asked the same questions in accordance with employment laws.

6. Interested Trustees, with the advice of the Manager, will choose the Assistant Manager.

7. The choice will be submitted at a board meeting for ratification. Bob seconded. Motion passed.

An ad will be placed in the Banner and in the Bradenton Herald.

Suzanna announced John Miller, a long time Bayshore resident and renowned artist has donated several of his drawings to the district. Suzanna would like to get estimates of matting and framing of the art. Suzanna will be getting estimates.

Maynard adjourned the meeting at 9:20 p.m.

Job Fair to be held on Saturday, **August 2, 2014** from 10am - 1pm. **Adjourn** at 8:00 pm.

*Respectfully submitted,
Susan Donaldson
BGNA Secretary*

One of the biggest boating holidays will be just days ahead when this is published. Along with cookouts, picnics, fireworks and all manner of outdoor activities, our corner of paradise will see a great increase in the number of vessels out on the water. If you are planning a boating activity for the holiday put an extra bit of emphasis on safety. Increased numbers and boats unfamiliar with our area can create challenges not typical for a day's outing. Throw in a few adult beverages and things can get real dangerous, real fast. Captains need to stay especially vigilant. Watch Out For the Other Guy. Night time operations require even more attention, and be sure to check out your Navigation Lights and Signaling devices before you need them. I think that one of the scariest moments that I have ever experienced was when the main fuse on my boat blew and the boat went dark. Ordinarily that wouldn't have been that

scary except it happened just after we headed back from the fireworks at Marina Jack's. We had gotten out a little ahead of the mass exodus but just a little and all of the other boats were right behind us. I was amazed at the number of boats that were running wide open throttle in the dark and more than a couple had no lights at all. I am sure that it only took a few minutes to replace that fuse. With only a flashlight marking our position, and all of those boats, seen and unseen, bearing down on our position it seemed like an eternity. Have a most excellent and enjoyable 4th of July and please keep it safe.

Reminders – Vehicles with trailers attached must have a parking decal. Don't loan out your Gate Key. We intend to perform gate checks in the near future. Perhaps as early as July 4th. If you are bringing a guest that is towing a boat, you must

remain with them at all times. Arrangements must be made for tow vehicles with trailers parked in the Marina without decals.

Improvements - The Marina Committee Continues to work the dredging issues. Request for Proposals went out to survey companies for the pre-dredge evaluation.

Repairs and Projects Completed – A several loose planks on the finger piers around the marina have been reattached or replaced. The loading zone was marked in the South Marina parking.

Marina Occupation as of 06/18/14. Occupied – slips – 101, Vacant – small to medium size slips - 24, Total – 125. Waiting list(s) for slips and trailer spaces – Large slips - 3, Small/Medium slips - 0, Trailer spaces – 4

If you have questions, concerns, or suggestions give me a call. Thanks to those that have already called.

Woodchoppers Club

The next scheduled meeting is October 11, 2014. We meet 5 times a year.

Memberships can be applied for at the Recreation

Center Office during normal business hours. Reminder: Keys to the Shop door are available for Members at the Recreation Office.

Enjoy the summer. Enjoy the Shop. Be safe and

clean up after your selves.

2014 Officers for the Bayshore Gardens Woodchoppers Club:

President - David 'Lynn' Wellborn

Vice President – Steve Watkins

Treasurer – David 'Lynn' Wellborn

Secretary – Gwen Norris

Neighborhood Doctor Expands to Better Serve Bayshore Gardens

Dove Chiropractic, Inc.
4910 14th Street West
Suite 103
Bradenton, FL 34207
941-447-9739

To better serve the community, Dove Chiropractic, Inc. is now open at 4910 14th Street West Suite 103 in the Fountains Office Centre. Dr. Faye J. Golden is the CEO and Clinical Director. Dr. Golden, a Florida native, is your neighbor and a chiropractic physician. Dr. Golden's family has been a part of the Bradenton community for over 20 years, and Dr. Golden has provided physician

services since 2011. Dr. Golden and the Dove Chiropractic Team are committed to "Gentle Care, Gentle Prices and Gentle Hours".

Dr. Golden offers gentle care to infants, children, adults including expecting mothers, and seniors. Patients have used Dr. Golden's services for a variety of issues including, but not limited to the following: work physicals, well-baby exams, back to school and sports physicals, drug-free primary care, drug-free pain management, weight loss, sports injury rehab, and much more!

The gentle and effective care you receive is also gentle on your budget. Dove Chiropractic works with your insurance, offers income based care, zero interest payment plans, and a variety of Bayshore Gardens community discounts. With so many options, you can get care when you need it, and pay when you can afford to.

Finally, Dove Chiropractic offers gentle hours. Dr. Golden is available for before and after work appointments, and offers express appointments - so you can get care without missing work!

Bring this article to your first July or August appointment for a special discount. Call 941-447-9739 TODAY!

Community

Crime Watch

Crime Watch Minutes 6/10/14

Acting President Harold Donaldson called the meeting to order at 7:01.

Members Steve Watkins, Mark Rezendes, Don Gassie, Judy Drake, and Thomas Carmichael-Smith were present.

The minutes were accepted as printed in the *Banner*.

The treasurer's report was given and approved. Gas cards were distributed.

The gate closing schedule was discussed.

Harold mentioned that Lynn Wellborn should be thanked for his service as Crime Watch treasurer and president.

Last month's calls were updated. No one knows what happened to the restroom mirrors.

The club decided to allot \$1000 for a computer system for the Crime Watch room to monitor the security cameras, compile and maintain crime statistics from public data bases, print materials, and be available for other club uses.

Steve Watkins was going to check the by-laws about choosing officers as the elected president is no longer in the club and the acting president is leaving Bayshore.

Members shared information on activities they observed on patrol.

Mark suggested asking people who had helped in

the past to help with the gate closing over the summer when fewer active members are going to be available.

Harold reported that Frank Young had left Crime Watch and asked the members to thank him for his time in the club.

Members were reminded that there are two vacancies on the Bayshore Board of Trustees if anyone had an interest.

New deputies are serving our area and need keys to the gate to investigate after-hours problems. Steve and Harold were going to talk to the office about getting keys for them.

The meeting was adjourned at 8:15.

Judy Drake
Secretary*

Miss your BANNER? Find it here: <http://www.bayshorebanner.com/banner-archives/>

In case you are a late-comer to finding out how the Bayshore Banner has changed into a true community newspaper – and you want to check out the back issues, try the web link shown above. You will be able to access or download the Banner in pdf format to read at your leisure.

You will surely want to catch up on the Bayshore news from the last several months as Suzanna Young, Kim Wind and Don Gassie have spear-headed the updates in content and format. We are trying to include more “people” information and mind-catching information about current issues and concerns.

And do not keep these enhancements a secret! Be sure to pass the word. Tell a friend to check out the “new” Banner – and be sure to stay on the active readers list by watching for the new edition each month.

THE HISTORY OF THE STARS AND STRIPES

The Stars and Stripes originated as a result of a resolution adopted by the Marine Committee of the Second Continental Congress at Philadelphia on June 14, 1777. The resolution read:

"Resolved, that the flag of the United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field representing a new constellation. "

The resolution gave no instruction as to how many points the stars should have, nor how the stars should be arranged on the blue union. Consequently, some flags had stars scattered on the blue field without any specific design, some arranged the stars in rows, and some in a circle. The first Navy Stars and Stripes had the stars arranged in staggered formation in alternate rows of threes and twos on a blue field. Other Stars and Stripes flags had stars arranged in alternate rows of four, five and four. Some stars had six points while others had eight.

Strong evidence indicates that Francis Hopkinson of New Jersey, a signer of the Declaration of Independence, was responsible for the stars in the U.S. flag. At the time that the flag resolution was adopted, Hopkinson was the Chairman of the Continental Navy Board's Middle Department. Hopkinson also helped design other devices for

the Government including the Great Seal of the United States. For his services, Hopkinson submitted a letter to the Continental Admiralty Board asking "whether a Quarter Cask of the public Wine will not be a proper & reasonable Reward

for these Labours of Fancy and a suitable Encouragement to future Exertions of a like Nature." His request was turned down since the Congress regarded him as a public servant.

"Rock Your Locker" program for kids

The South Manatee Branch Library is pleased to announce a unique craft program to be held at the library on Saturday, July 19, 2014 from 2:00 - 4:00 p.m.

Children and teens ages 10-18 are invited to "Rock Your Locker." Be a stand-out this coming school year as you design and create wallpaper, magnets, and other awesome decorations for your personal space.

The program is open to all with seating available on a first come, first serve basis. The South Manatee Branch Library is located at 6081 26th Street West in Bradenton, Florida. For more information, please call the library at 941-755-3892.

HOUSE continued from Page 1

In our own home, the Carrolls, at 6916 26th Street, West, which we have only owned since 2010, most of the big changes occurred in the interior. Yet on the outside, the breezeway was closed in to create a garage, the southerly roofline was extended, to provide some additional storage space, and a sun-room and a lanai were added to the canal side 'front' yard. A new breezeway was extended over the driveway to provide shade from the hot sun.

Ironically, if you look inside the garage, the original decorative wrought iron supports for the breezeway are still in place to hold up that end of the roof. Since the photo was taken, the exterior windows, by then inoperable, have been replaced. We hope their modern design will still complement the original architectural features. The house style was known as a "Gladiola". It is different though, because the original owners chose the option to have same-size windows installed across the front, as opposed to the normal configuration shown in the 2014 photo following. That house has retained the original breezeway. The original concrete driveway configuration is still in place as well.

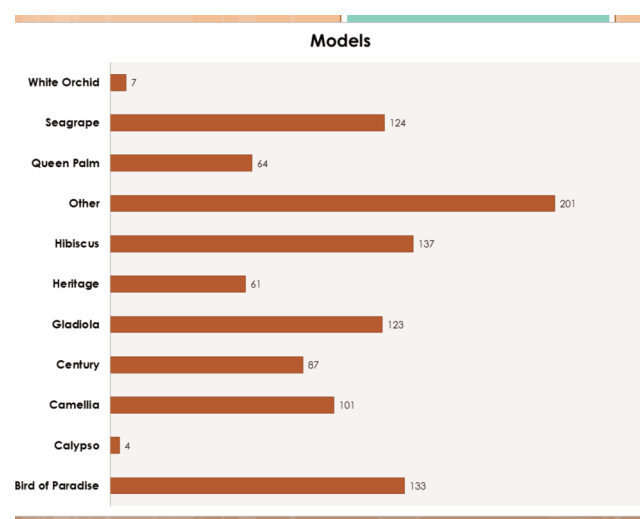

This Gladiola home has retained most of the original design features. It is obviously well-maintained.

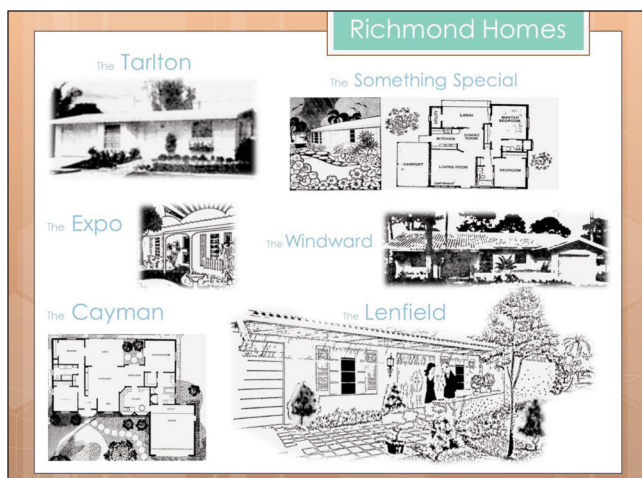

Notice the open windows in the small room at the back of the breezeway in the original architectural concept drawing.

In the inventory of dwellings undertaken by Dr. Linda Stevenson and her students, the popularity of the various house designs can be seen in the table presented. The data collected includes a detailed inventory for each individual home

reviewed. In this table, one can see the popularity range of each of the ten prominent architectural designs available for sale in the early years of the Bayshore Gardens community. There were various options available for each, but the designs stayed basically the same for each named.

It is clear that the Hibiscus design was slightly more popular than the stylish Bird of Paradise. This was followed in popularity very closely by the Seagrape and the Gladiola designs. The most expensive and spacious design, the Heritage, was chosen by many, and, the White Orchid, apparently by just a few. The "other" homes clustered or spread throughout the community are probably, for the most part, RICHMOND-style homes, introduced and often furnished by Lawrence Richmond, joined by his wife Ruth, the interior decorator.

The Richmond homes included a half dozen different designs, and often, as shown below, terra cotta tile roofing.

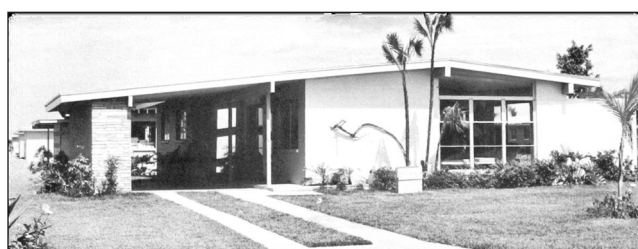

A Richmond home as seen today.

The various home designs are shown following, with a before and after view. Changes most often seen are breezeways closed in to become garages, window and door replacements and the closing in of clerestory windows. The astounding thing, though, is that with rare exception, the fundamental characteristics of the community have been maintained. You will note that each design was available in a 'reverse' format that could have the driveway and key features at either end.

The further steps recommended by the Stevenson study will ensure that Bayshore features are maintained indefinitely.

Of course, follow up action will be mandatory if those suggestions are to be implemented. It will be necessary for our Board of Trustees to designate an active partner to be a dynamic participant in the future discussions and decisions about Bayshore's future with Manatee County and the University.

Let us not forget this significant study. It was designed to help us move forward as the Bayshore Gardens community.

Next month: A look at the Manatee area – Bradenton & Sarasota: 1950s.

Paul Carroll

Bayshore Gardens Yacht Club Ramblings: June 2014

Captain Tung scooting along in a nice stiff breeze... What a machine!

WHAT IS A YACHT CLUB? It may not be what you think... Join us and find out!

Once upon a time, and even now as well, some yacht clubs are very closed to the ordinary person on the street. You had to have mega bucks and/or grand sailing yachts to participate in this pleasure. In this area, the Sarasota Yacht Club, Bradenton Yacht Club, the Field Club, So Venice Yacht Club and even the Sarasota Sailing Squadron may be joined for a price. The cost is anywhere from \$260 and more for the annual membership fee. And, there is also the initial fee to join that organization. There may also be additional monthly fees, and, if you're lucky, there will be dock space for your vessel. For the upper class you say! It certainly is restrictive for many...

So, you have gone out and finally purchased your boat, trailer, the license to operate it on Florida waters, what now? Maybe (if you are smart) you even took a Coast Guard or a Power Squadron boating course to be informed of the "rules of the road". You'd be surprised how many first time boaters run aground or actually crash upon the many sandbars that dot Sarasota Bay. I took my

son with me to a class when he was about 12, and to this day, he still an avid boater and fisherman, always with safety first on his mind.

You might want to consider joining with some companion boaters for the social aspects that accompany membership in an informal club, like the Bayshore Gardens Yacht Club, to enjoy the periodic gatherings on land and on the water.

The Bayshore Yacht Club membership includes folks who have all types of vessels from pontoon boats, motor boats, dinghies, kayaks, canoes, sailing dinghies and sailboats of varying sizes. Among our members are folks who have captained boats around the globe!

Scrambling from deck-to-deck at the recent June 07 raft up event.

We are here to help one another to become better boaters and have a great time while doing so. We welcome families, the more the merrier.

How do we differ from the larger clubs?

1. There is no initiation fee
2. The annual membership is minimal (\$15 single - \$30 family)
3. Membership is open to folks outside our Bayshore Gardens community

4. Monthly Meetings on 3rd Thursday, with a potluck supper and a dynamic guest speaker
5. Pool Parties, BBQ's & other special events
6. Sponsor an Annual Children's Fishing Tournament
7. Conduct races, not just regattas, but fun raft ups, poker runs, etc.

Come to our next event and check us out.

Last week, a group of us met out at the end of the Bayshore Channel for a scheduled raft up. Bill & Becky Wyatt came along on their motor boat. The sailing contingent included Past Commodore Rick and Dee Dee, Suzanna Young and Richie Nelson, Robin & John on Robin Lee, Commodore Marie Horn, Time & Deb Haskett, Cheri McNulty.

Some of the group joined the Sailing Squadron's

Passagemaker's group for a cook out later in the afternoon at Buttonwood on the other side of the bay. It was a perfect day to be on the water, so much so that we jumped in and paddled around for a while.

Please see BGYC on Page 9

BGYC, Continued from page 8

Part of the BGYC and Passagemaker's Group at the Buttonwood Harbour raft up and potluck dinner.

Future events include:

June 28 Pool Party

Bayshore Community Pool – 8 PM Potluck/Appetizers

July 4 Marina Jack's Fireworks - Raft up

July 7 Board Meeting

July 26 Poker Run

11am Start – Bayshore Community Center

During June and July, It appears as though a majority of our members have set sail for harbors away from Bayshore. Due to this fact, we felt it prudent to postpone the Anniversary Party until a later date. More on this event will be included in future Banner articles. Special thanks are offered to Rosemarie Woodruff for her organizational efforts on developing a distinctive "Southern Nights" theme that had to be set aside for the

Anchored out at Buttonwood after the raft up off BG Channel.

moment.

Tall tales under the shade of a bimini on a sunny, warm day! (L-R) Tim Haskett, Rick Jackson, Debbie Haskett, and raconteur, Richard Nelson.

Have a wonderful summer. Keep cool and stay well.

Robin's Report: Status of the new South County TIF

A TIF, Tax Increment Financing, is going to be implemented as a tool to raise and allocate money within a certain geographical area. The money generated is specifically utilized within that area for community revitalization, improvements and projects. The Southwest Area TIF boundaries will be our South County line, straddling New 301 to Manatee Avenue and over to the edge of the mainland.

If you are familiar with the South County CRA, money generated above a baseline was captured and dedicated for enhancements, extra policing, lighting and sidewalk projects, within that specific geographical area. The major difference between the CRA and the TIF, is the CRA is designated to benefit a blighted area, and the TIF, is any area

designated to generate funds and disperse them according to a plan and list of priorities. We currently have a Port Manatee TIF, whereby an increase in the taxes collected above a base, will be set aside for improvements within that specific area.

A benefit to the larger TIF area would entitle areas not currently served in the CRA to become eligible for enhancement projects. The Tallevast Area will now be included, when it has been excluded from being in the CRA as well as sections of 41 that fell outside of the CRA boundaries.

What's important to the people in the Bayshore Gardens area and areas West of 41, is that you will now be included in the discussion as to what needs

improvement, what partnerships can be developed and how we can work together to improve Neighborhoods. Your input is greatly appreciated and vital to our overall success.

For information or help concerning problems in District 4 please call or email me.

Nitrogen Fertilizer Ban in Effect June 1st:

Taken from Master Gardeners Bench. By Amy Stripe

As a reminder to Manatee County residents, June 1st kicks off the ban on application of nitrogen fertilizer. This is to protect our waterways from nutrient runoff during our rainy summer months. Here are the main provisions of our fertilizer ordinance:

Summer fertilizer restrictions: From June 1 to September 30, no fertilizer containing nitrogen (N) shall be applied to turf or landscape plants in Manatee County.

This does not mean your garden will suffer; you can apply:

- Potassium (K) - the third number in fertilizer formulations - plays a key role in many growth related processes in plants.
- Micronutrients, such as magnesium (Mg) and manganese (Mn).
- Iron (Fe), which is particularly useful for keeping lawns green.

- Compost-based products, such as chicken or cow manures, earthworm castings, or composts.

Limits on nitrogen: From October 1 through May 31, nitrogen fertilizers must contain at least 50% slow release nitrogen. Look for the terms time release, slow release, or controlled release on the product label. In addition, nitrogen application cannot exceed four pounds per 1,000 square feet annually or one pound per application.

Phosphorus ban: No phosphorus (P) can be applied at any time throughout the year without a soil analysis showing a phosphorus deficiency filed with the county administrator. (The filing process can be protracted, so it's not as easy as it sounds.)

Weather advisories: If the National Weather Service issues a watch or warning anywhere in the

county for severe thunderstorms, hurricanes, tropical storms, flooding, or rainfall of two inches or more in a 24-hour period, no fertilizers can be applied while the advisory is in effect.

Exempted plants: Home vegetable gardens and potted or otherwise containerized indoor and outdoor plants are not subject to the fertilizer restrictions.

A list of fertilizers that comply with the ordinance, as well as more information for residents and landscape professionals, can be found at <http://www.mymanatee.org/home/government/departments/parks-and-recreation/natural-resources/new-fertilizer-ordinance-root.html>

A Garden For Moonlight: Taken from Master Gardeners Bench. By Joy Derksen

Get ready for the next full moon by planting a "moon garden" to enjoy in the evening hours. Moon gardens use white blossoms, plants with silvery and variegated leaves, and evening scented flowers to make an oasis of nighttime beauty in our gardens.

Why would you plant a moon garden? Well, first, it's just too darned hot to sit outside at noon in coastal Florida. It's cooler and breezier in the evening. Second, many folks are working from nine to five and they only have weekends to

admire their gardens in the daylight. They are also charming and romantic!

While a moon garden will look good in the daytime, it comes into its own at sundown. White flowers glow in dim light while releasing scents to attract the evening pollinators. Variegated or silvery leaves give the garden a dif-

ferent look while reflecting low levels of light.

A small pond or a gazing ball with a silvery surface can add to the enjoyment and the feeling of tranquility. If you are gardening in a small place, use containers and trellises to turn a corner into a moonlit, peaceful seating area.

Locate your moon garden close to a seating area on a patio, lanai, or in front of a picture window. For nights when the moon is not glowing, you might want

to add a solar powered light or two (this helps with safety, too---you don't want to trip over a pet or a tricycle in the dark!) For nights when a breeze is not blowing, you might want to add citronella candles or a fan to keep mosquitoes on the wing and not on you! White plants that flower and/or scent at night: Angel's trumpet, Plumbago, sweet smelling tobacco plant, night blooming Cereus, Crinum asiaticum, four o'clocks, snow-on-the-mountain, evening primrose. Several white orchid species also are scented at night. Many sites recommend the lady-of-the-night orchid as easy to grow with a fragrant lemony scent. Varieties of yucca bloom at night, but be careful where you place them in the landscape as the leaves are frequently sharp and pointed. You can also get scented water lilies that bloom at night for your pond. There are numerous variegated leaf plants that can also be included in your garden: bromeliads, coleus, devil's backbone, liriopse. White blooming vines: Night blooming jasmine, bleeding heart clerodendrum, moonflower, Carolina jessamin, Night jessamin. Plants with gray or silver foliage: Artemesia, dusty Miller, white salvia "cirrus", silver lamium, and silvery leafed bromeliads.

The perfect road. The perfect car.

The perfect loan to make it all happen.

Get on the road faster with quick loan approvals and great rates on new or used vehicles. You can even use your tax refund as your down payment. Give us a call!

NUISANCE DOGS and CATS, YOU HAVE RECOURSE

Excerpts from Manatee County Animal Services Booklet: "Pet Ownership Information – It's the Law"

This series could well add: "Responsible Pet Ownership Information" because animal rescue services would not be needed if pet owners were responsible for their pets. To take over the care of another living being that is dependent, definitely requires full responsibility and that includes animal ownership.

"Nuisance"; means no dog or cat shall disturb the peace and quiet or interfere with the enjoyment of life or property. Sec.2-4-12

No dog or cat shall materially disturb the peace and quiet or interfere with the enjoyment of life or property by persistent or repetitive barking, yelping, whining, howling, meowing, squealing, screaming, or causing other objectionable noise for a persistent period of time exceeding 10 minutes or for a repetitive period of time which cumulatively exceeds 10 minutes within a two hour (120 minute) period of time.

"Causing objectionable noise for a persistent period of time exceeding 10 minutes": A dog that does not want to be outdoors barks, or off times barks if it's hungry, or it barks because it sees a cat or dog next door; or if it barks at any movement, or it barks because it's bored or wants socialization. This persistent barking may be a violation of This Ordinance. Of note: A good watchdog does not bark at everything and anything.

Dogs that are tethered alone in a yard will bark, sometimes incessantly as a tethered dog knows it is in a disadvantaged situation and is very paranoid. It is also a Violation unless the owner is out-

side with the pet and can see the pet.. At no time is a pet to be unattended when tethered (tied up). (Of note: A tethered dog will be apt to bite anyone coming near it)

"Violation" can be described as: "Excessive noise which is repetitive and which cumulatively exceeds 10 minutes within two hours (120 minutes), period of time". Example: A dog barks for 5 minutes at someone walking nearby, 4 minutes at someone riding their bicycle, 3 min-

utes at the mailman and 2 minutes at some birds—all within a 120 minute time period—adds up to a total of 14 minutes of barking within the two hour time period. This may be a violation Of this Ordinance.

Also a nuisance is un-warranted animal feces. Any feces (poop) deposited by a dog or cat on public property, public walks, recreation areas or private property of others, MUST be immediately removed by the person who has custody or control of the animal unless otherwise authorized by the property owners.

It is also definitely unsanitary or could be unhealthy for you or your pet. Many animal diseases are transmitted in animal feces. Accidentally "encountering" animal feces can cause much distress in having to deal with a disturbing odor or a mess on your shoes, clothes or items and/or transferred to soil and possibly infect personal space.

\$\$\$ FINES for dog or cat disturbing the peace and quiet enjoyment of life and property of another is:

1st Offense \$100, 2nd Offense \$300, 3rd Offense is \$300.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

GO FIGURE! by Linda Thistle

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

DIFFICULTY: ★

- ★ Moderate ★★ Difficult
- ★★★ GO FIGURE!

	8		6					9
		1			4		6	
	7			8		3		
3			7					2

Place a number in the empty boxes in such a way that each row across, each column down and each small 9-box square contains all of the numbers from one to nine.

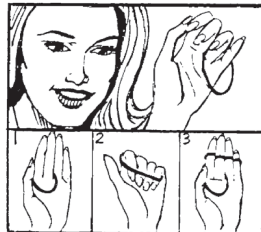

DIFFICULTY THIS WEEK: ★★★

- ★ Moderate ★★ Challenging
- ★★★ HOO BOY!

Junior Whirl

by Hal Kaufman

BAND BOX! You are asked to conduct a hunt for names of six musical instruments that appear in consecutive order in the diagram at right. Names are to be spelled by moving letter by letter, up, down, across or diagonally.

These are the instruments (in order): Trombone, tuba, drum, trumpet, oboe, flute.
All 32 letters are to be used, each just once.
See if you can comply.

T	R	O	N	E	T
U	O	M	B	B	U
L	T				A
F	E				R
E	B	O	M	M	T
O	T	E	P	U	R

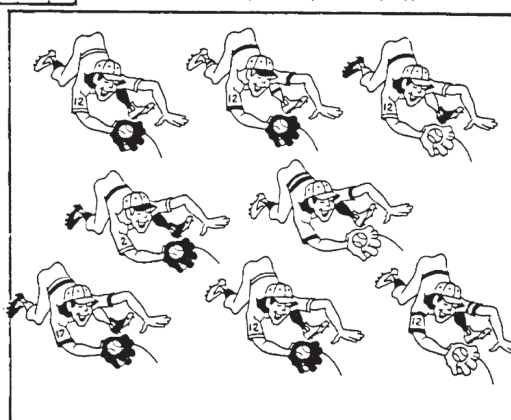

ABOUT 9! Only one number greater than 9 rhymes with a number less than 9. What are the two numbers? Answer if you can within 30 seconds.

Numbers are eleven and seven.

LOOP THE LOOP MAGIC TRICK

LOOP a rubber band over your first two fingers, see 1, above. Then, bending fingers downward, stretch the loop to cover your four knuckles, see 2. Open your fingers and alakazam! Rubber band will have transferred mysteriously to your third and fourth fingers, see top.

Use of a second rubber band adds to the fun. Again, loop first two fingers as previously, but before stretching loop to cover knuckles, twist and thread second rubber band between all four fingers, see 3. Now, open fingers and observe what happens.
Can you guess?

DOUBLE PLAY! Two of the baseball infielders above appear enough alike to be twins. Which two is for you to decide.

FLOWER SHOW! Mom's flower garden has burst into bloom. Apply colors by number: 1—Red. 2—Lt. blue. 3—Yellow. 4—Lt. brown. 5—Flesh tones. 6—Dk. green. 7—Dk. brown. 8—Lt. green.

SPELLBINDER

SCORE 10 points for using all the letters in the word below to form two complete words:

INTRENCH

THEN score 2 points each for all words of four letters or more found among the letters.

Try to score at least 50 points.

Possible two-words: Chin, tent.

Summer Dessert Recipes

Frozen Yogurt Coconut Pops

Ingredients

FRUIT PUREE:

2 cups fruit, such as peaches, strawberries and blueberries

1/2 cup sugar

Juice of 1 lemon

COCONUT YOGURT:

1 cup plain thick yogurt

1 1/2 cups powdered sugar

1 tablespoon coconut extract

1/2 cup unsweetened coconut flakes.

Directions

For the puree: Blend together the fruit, sugar and lemon juice in a blender until smooth.

For the yogurt: Whisk together the sugar, yogurt and coconut extract.

Pour alternating layers of the fruit puree and coconut yogurt into popsicle molds, and then insert the sticks. Freeze until the pops are firm, about 8 hours.

For easy removal, dip the bottom of the molds into hot water for a few seconds to loosen the pops. Remove the pops from the mold, dip in coconut flakes and serve.

Peaches with Balsamic Cherries

Ingredients

1/2 pound cherries, halved and pitted

2 tablespoons sugar, plus more to taste

2 tablespoons balsamic vinegar

1 pound peaches, sliced

Directions

In a small saucepan, stir together the cherries, sugar and balsamic vinegar, and place over a medium heat. Bring to a boil and continue to cook for 5 minutes, stirring occasionally.

In a medium bowl toss the warm cherries and syrup with the sliced peaches, add more sugar to taste and serve

Mint Chip Ice Cream Pie

Ingredients:

8 ounces chopped semisweet chocolate, melted

4 cups crisped rice cereal 2 pints mint chocolate-chip ice cream, slightly softened

Directions

In a large bowl, combine the chocolate and cereal until the cereal is completely coated. Transfer to a 9-inch springform pan. Press the mixture into the bottom and 1 inch up the sides of the pan. Freeze just until firm, 5 to 10 minutes.

Spread the ice cream in the prepared crust and freeze, covered, until firm, for at least 2 hours and up to 3 days.

Grilled Banana S'Mores

Ingredients:

Medium ripe bananas

Brown sugar; Large marshmallows

Peanut butter or chocolate spread

Graham cracker squares

Directions:

Heat a grill to 350 degrees. Leave bananas in their skins and make 1 slit down the length of each. Pack the slits with brown sugar.

Put the bananas on the grill and grill until soft and charred. Remove them to a cutting board and set aside to cool slightly. Peel the skins from the bananas and cut into 1/2-inch thick slices. Meanwhile, put the marshmallows on skewers and toast over the grill until brown and melty, about 2 minutes. You can also brown the marshmallows using a hand-held torch.

To assemble, spread some peanut butter on graham crackers and top with bananas and marshmallows. Cover with another cracker and serve.

Streusel Topped Baked Peaches with Glaze

1 cup all-purpose flour; 1/2 cup sorghum syrup

1/4 cup light brown muscovado sugar

1/2 teaspoon ground cinnamon

1/4 teaspoon freshly grated nutmeg

11 tbsp unsalted butter, melted

4 peaches, halved and pitted; Kosher salt

Whipped cream or vanilla ice cream, optional

Preheat the oven to 350 degrees F. Combine the

flour, sugar, cinnamon and nutmeg in a small

bowl. Add 8 tablespoons of the melted butter

and combine until crumbly. Refrigerate for 15

minutes. Slice a very thin piece off the bottom

of each peach half so they have flat bottoms.

Brush the bottom and sides of a 9- by 11-inch

baking dish with some of the remaining 3 table-

spoons of melted butter, and then brush the rest

of the butter on the peaches. Place the peaches

in the pan cut-side up and about an inch or so

apart. Sprinkle a little bit of salt on the peaches.

Top each peach with some of the streusel. Bake

in the oven until the peaches are soft and the

streusel is lightly golden brown, 45 to 55 min-

utes, depending on how ripe the peaches are.

When the peaches are almost done, put the

syrup in a small saucepan and bring to a simmer

on low heat. Keep warm. Serve the peaches

drizzled with some of the syrup and topped with

whipped cream, if using.

Berry Shortcakes

2 pounds berries (such as raspberries, blueber-

ries, or sliced strawberries)

1/3 cup plus 2 tablespoons granulated sugar

1 cup heavy cream; 8 biscuits

In a large bowl, toss the berries and 1/3 cup of

the sugar. Let sit for at least 15 minutes (and up

to 4 hours, refrigerated). In a medium bowl,

beat the cream and the remaining 2 tablespoons

of sugar until soft peaks form. Split the biscuits

in half. Spoon the berries and whipped cream

on the bottom halves and sandwich with the

tops.
