

**Agenda**  
**Bayshore Gardens Park & Recreation District**  
**Board of Trustees Special Meeting**  
**Wednesday; February 12, 2025 @ 7:00 P.M.**

1. Call to Order
2. Roll Call
3. Pledge to Flag
4. House & Ground Repairs (Continue going over Storm Damage)
5. Adjournment

**ADDITIONAL ESTIMATES HAVE BEEN INCLUDED AS OF 2/12/2025**

**The scheduled Board Work Session has  
been changed to a Special Meeting.**

Pursuant to Section 286.26, Florida Statutes, and the Americans with Disabilities Act, any handicapped person desiring to attend this meeting should contact the District Manager at least 48 hours in advance of meeting to ensure that adequate accommodations are provided for access to the meeting.

Pursuant to Section 286.0105, Florida Statutes, should any person wish to appeal a decision of the Board with respect to any matter considered at this meeting, he or she will need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is based.

Job	Current estimated cost	Notes
FPL hook up	27,000	Background of repairs delay- Temporary 3 phase line is lying on the ground and final repairs are not able to be done without knowing if lines will be above or below ground or when FPL will do work to get the "temporary line" off the ground. Many emails and calls made from Island Life Electric with little to no response from FPL. Issue was finally passed to a new FPL manager. FPL called in on January 3rd, coincidentally, during a meeting with Island Life Electrician HG committee Chair and Gia,. FPL came out on the 7th to meet with Island Life regarding permanent FPL line. There will be potential costs to put electric above ground and or underground, then additional costs for the electrician to hook it back up to the box either way. This is necessary work for any and all other electric to be done in a "complete" manner. Consensus seems to be it would be best to move the main power line above ground, potentially getting the District its own transformer (this was just a mention during the meetings).
Pool electric	10,000 6,500 Aprvd. 1/15/25	Estimate Attached from Island Life Electric. Island Life Electric did the requiring on the pool prior to Helen and already has knowledge of the property. We have had several meetings with them regarding all the issues. This needs to be done to preserve the pool. Equipment needs to be in place to do and diagnostics or repairs.
Pool Draining, cleaning and repair	18,000 Aprvd. 1/15/25	Estimate Attached from All Star Pools.. Pool is deteriorating quickly and visibly. This repair is beyond the scope of our maintenance. Our maintenance has removed what they could and attempted to shock the pool to clear the water. There is still a considerable amount of debris on the bottom, even with attempts to clear it. From All Star Pools re time and popping -"We have to put a pump on the hydrostat line to keep the pool from popping up. We need a weeks notice and we will drain it with 3 pumps in 1 day. We will not know how long it will take to clean because we can't see what is in there. It may take a day or 2. We will fill it with the auto fill and start it up. I have been doing pool for 29 years and I have a builders license."
Marina fence	Amnt. Included with gates	Strong liability concern, trespassing, residents pay for privilege and security. Homeless taking over north side, more liability, strong safety concern, destruction of property, safety, Numerous complaints. Estimate to include closing off walkthrough and adding a self closing pedestrian gate on north side.
Marina gates	28,000	Met with metal fabricator Rail Tek -Both gates seem to be straight and usable but rollers and wheels are needing replaced. There is evidence of weld cracking on both and some denting/damage on one gate but for the time being they do not seem completely loose and or failing. Rail-Tek is Referring job to Freedom Fence.
Marina electric	41,719	Some components are working but it is unknown to what capacity and safety, there are also portions that are re-failing indicating they are not actually fixed. We can get things going and test the already done "in house repairs" as job progresses. Progress reports will be given. North gate has gotten at least some electric to it but we are unable to test completely due the gate being inoperable at this time.
Hall wiring	49,800 Aprvd. 1/15/25	Estimate Attached Island Life Electric. Extensive damage due to flooding and debris being pushed around. Building is currently working but it is NOT recommended to leave it in the condition it is in.
Property wiring	4,650	Undetermined at this time. All wiring that is under ground is old, therefore, it is assumed at this time, to have all conduit full of salt water. This will be a progress report project once this phase can be started. <b>(Trenching Only - Still Need Electric Estimate)</b>
Roof	87,500 Aprvd. 1/15/25	Estimate Attached from AKVM- estimate took existing funds paid for leak repair and would apply that to the down payment for a new roof. New work would remove both metal and shingle roof and replace with metal unless the board decides otherwise. Board needs to select metal or shingle. Gia is checking on what the new roof line will be, Email body included with estimate from AKVM - "Due to the extent of structural damage to the existing aluminum recover roofing system this roof is not repairable. Attached is the estimate to remove both the aluminum and shingle roofing system and replace the existing shingle roof with a Sunshine Metals Sunrib roofing system. There is also an option to replace the roof with shingles."
Total	104,869	<b>Total amount already approved is \$161,800</b>
Grand Total	266,669

Thank you, I will be meeting with them soon to review this project.

On Thu, Jan 23, 2025 at 11:19 AM Miller, Langston <Langston.Miller@fpl.com> wrote:

Nick,

Please see the preliminary design print to relocate the transformer closer to the building. Please note design prints are not to scale or exact.

The estimate for the relocation job is \$27,000. Let me know if you have any questions or would like to move forward with the design.

Thank you,

**Langston Miller**

View our recent projects on Instagram @freedomfencefl to see what we've been working on.

**Why us?**

- LIFETIME workmanship warranty.
- LIFETIME material warranty on aluminum and vinyl. Details available upon request.
- LIFETIME gate adjustments due to sagging/settling. No damage covered.
- See our over 400 5-star reviews on Google, Yelp, Facebook and Houzz.
- View recently completed projects on our Instagram @freedomfencefl.
- Trusted by custom home builders, pool companies and government agencies for fence projects.
- All of our team members are fluent in English and most are bilingual.
- Certified Building Contractor in the state of Florida.
- Our full time installers are all covered under our general liability, workers comp, commercial auto and business umbrella policies to protect you and your property.

**PLEASE READ BELOW BEFORE SIGNING. SIGNATURE IS AGREEMENT. THERE IS NOTHING INCLUDED IN SCOPE OF WORK THAT IS NOT NOTED IN DRAWINGS OR LINE ITEMS ABOVE.**

- Signed quote and 50% deposit required at contract. Checks and signed quotes can be mailed to PO Box 52343, Sarasota FL 34232. You will receive a receipt once we receive the payment.
- Signed quote includes approval of all material and layout drawings attached. If you have questions about material or layout quoted please let us know before signing.
- Fence placement, accuracy of surveys, etc. is customers sole responsibility.
- Deposits are non-refundable.
- We can assist with documentation needed to submit for HOA approval on an as needed basis. We would need the completed application and the customer needs to cover any fees associated.
- This quote is valid for the next 30 days, after which values may be subject to change.
- Final payment is due upon completion of project unless otherwise agreed. A mobilization and demobilization charge will apply if area is found not to be 100% ready for our installation. A one-week advance notice is required on all reschedules. A

## Freedom Fence

4385 Independence Court | Sarasota, Florida 34234  
9412571382 | [www.freedomfencefl.com](http://www.freedomfencefl.com)

\$300 charge for notice to owner will be applied if final payment is late by more than 5 business days. A \$500 lien and lien release fee will apply if payment is late by more than 10 business days. Interests on overdue balances will be billed at 21% APR . Interest starts accruing 5 business days after payment is due and is automatically applied back to first day of delinquency. This is the only legal document governing fees from sales; no other agreement written or oral is legally binding. Buyer agrees to pay any legal, attorney or collections fees.

- Fence lines to be clear prior to installation.
- Residential customers due diligence to verify location of private utilities (irrigation, septic, landscape lighting, etc.). Our installers repair irrigation lines regularly and will make their best effort to make any repairs necessary by damaged caused from our digging but is not guaranteed in all situations.
- Verifying property lines and obtaining surveys is the customers responsibility. We can refer you to a surveyor.
