Talk with Your County Commissioner One-on-One!

The Open Door at Commissioner Robin DiSabatino's office. These sessions will be the first Tuesday of the month, from 9 am to noon, at her office in the Cty Administration Building. Her door is also open in the afternoon from 1:30 to 3:30 pm.

The Marina Project Has Begun

At the resident assessment meeting, it was requested that the Board keep you updated about the status of projects the Board has in process. We thought it was appropriate we provide an update on the Marina project.

First, some background. The marina committee consists of both residents and board members. A team of people worked very hard to secure a contract with a marine engineer. This team consisted of Vicky Ford, Howard Taylor, Adam Hange, Don Gassie, Steve Watkins, John Woodruff (Dockmaster), Debbie Korell and Marina Chair Richard Nelson. The first step was to draft a RFP, a Request for Proposal. Special credit must be given to Vicky Ford for the countless hours she spent researching quality marine engineering firms to submit the RFP to. After the RFP was completed, it was submitted to the Board for approval and sent to a list of firms. After receiving some responses, four firms were requested to make presentations to the committee. (All of these meetings were public meetings that anyone could attend) After these presentations, three firms were asked to submit detailed proposals based upon the specifications of the RFP. These proposals were then reviewed in detail and the firms were asked to make modifications. This was to make sure we were receiving proposals that requested the same work from each firm.

After the modified proposals had all been received, the committee was ready to make its recommendation to the Board. The committee recommended Coastal Engineering, based on their experience, the number of projects completed in Manatee County, and the fact they had completed previous projects for other firms in our canals. The Board has never used Coastal Engineering in the past.

The Board received all of the proposals and the recommendation of the committee and there was discussion. The Board had some revisions to the contract and the contract was sent to the District lawyer for review. The lawyer approved the contract, added some documents to protect the district and the contract was returned to Coastal Engineering for their approval. Coastal Engineering approved the contract and we are ready to begin the project.

It was decided that a project liaison was needed, during discussion by the Board. The role of the liaison is to have one central communication

point between the Board and Coastal Engineering. The purpose is to foster and ease communications. The liaison has no decision-making capabilities. Debbie Korell was appointed Liaison by the Chairman of the Board. This work took over six months. As you can see, the Board was very careful about choosing the right marine engineer when setting up this very large project to help ensure that we have a successful project.

Where are we now? Coastal Engineering is doing fieldwork for our marina. These tasks are all specified in the contract and are as follows:

1. Review existing permits and related documents pertaining to previous construction to determine permit status and future permitting requirements.
2. Inspect the center pier and provide a concise report summarizing the inspection observations, engineering assessment and recommendations.
3. Probe the seawall panels to determine the depth of penetration and panel length.
4. Inspect the boat ramp and provide a letter report summarizing the inspection observation, engineering assessment and recommendations.
5. Conduct a jet probe survey to determine the presence of rock within the boat basin. Prepare an exhibit and table presenting the results of the survey.
6. Establish temporary survey control and conduct a bathymetric survey of the boat basin
7. Review the existing sediment sample report and if necessary take new sediment samples.

What happens next? After Coastal Engineering has completed their fieldwork, a meeting will be scheduled to review their findings. We then move on the next task, which is to begin the pre-design alternatives for marina design, slip design, finger pier replacement (including width of finger piers), dredging, and boat ramp.

We know that the American Disabilities Act (ADA) will impact our project. Two finger piers, (for four slips); will meet all current ADA standards. This fact alone will impact the layout of the marina. We also know by studying the history of the dock masters report that there has been a waiting list for large slips and an abundance of small slips. One of our goals is to rectify this problem and design a marina more fitting to boaters in the 21st century. **Continued on page 3**

Letters to the Editor on Page 7

Special Marina Committee meeting on Tuesday June 7th at 7pm

At this meeting we will begin the work of answering the questions Coastal Engineering will have for us from the May 25th meeting and providing specifications for the design of our marina.
Hope to see you all there!

Minutes Of Annual Assessment Meeting April 22, 2016

April 22, 2016

The annual budget assessment meeting of the Board of Trustees of Bayshore Gardens Park and Recreation District was called to order by Chairman Boyce at 7:00 pm and was followed by the Pledge of Allegiance.

Notice of the meeting was posted in both the Bayshore Banner April 1st and the legal notice was in the Bradenton Herald March 30th, March 31st and April 1st. It was also posted at the Recreation Center. Copies were available in the office.

Roll call: Vickie Ford, Dan Rawlinson, Richard Nelson, Maynard Boyce, Debbie Korell, Holly Clouse, Terry Zimmerly and Kathy Lokos. Kathy Lokos read the resolution to raise the assessment by \$10.00 per home making the assessment fee \$347.00 for the 2016-2017 budget year. Meeting was opened to questions from the

audience. After a discussion, call for vote was made by Maynard Boyce.

All present submitted their votes. Maynard asked for two residents from the audience to count the ballots. Maynard Boyce announced the official ballot count was 15 in favor of 4 against. Vote passed.

The annual assessment fee for each home in Bayshore Gardens Park and Recreation District will be \$347.00.

Motion to adjourn was made by Kathy Lokos. Seconded by Debbie Korell

Meeting adjourned at 7:29 pm.

Respectfully submitted,
Joanne Manse, Manager
Chairman Maynard Boyce

Legal Notices and District Business

Minute with the Manager: Starting June 21st, the office will not be open until 11 am and will close at 7 pm. This will be every third Tuesday of the month until further notice. This will allow us to be available to those who cannot make it in by 4pm. Also, when school is out the pool will be open from 8 to noon swim at your own risk, noon to 8 pm Monday thru Friday, and weekends from noon to 8 pm. Reminder, children with waivers cannot swim without lifeguards on duty. I want to remind you, the lifeguards are here to keep your swimming experience safe and enjoyable. They are not here for you to make sexual comments to or disobey what they say. The lifeguards have the authority on the pool deck and when they tell you or your children to stop doing something, then you need to respect them. Parents and guardians, there is no running on either pool deck. If you can't respect the lifeguards and their positions and keep your sexual comments to yourself or not follow the rules, your swimming and pool privileges will be suspended until further notice. These types of behavior will not be tolerated. I am sad that I even have to write this. This is just the beginning of a long hot summer, let's make it enjoyable.

BAYSHORE GARDENS PARK AND RECREATION DISTRICT BOARD OF TRUSTEES

MINUTES OF MEETING May 17, 2016

The regular meeting of the Board of Trustees of Bayshore Gardens Park and Recreation District was called to order by Chairman Maynard Boyce at 7:00 PM and was followed by the Pledge of Allegiance. Notice of the meeting was posted in the May Bayshore Banner.

Roll: Dan Rawlinson, Holly Clouse, Kathy Lokos, Debbie Korell, Maynard Boyce, Richard Nelson, Terry Zimmerly and Jonna Koellhoffer.

A quorum was established. Present: Joanne Manse, Steve Watkins, Suzanna Young and John Woodruff. Debbie made a motion to approve the April minutes. Kathy seconded. **Motion passed.**

Kathy made a motion to approve the April Assessment meeting as amended. Debbie seconded. **Motion passed.**

Kathy made a motion to approve the special meeting from May 6, 2016. Terry seconded. **Motion passed.**

Dan made a motion to approve the April financials. Terry seconded. **Motion Passed.**

BGNA: Dan Rawlinson

Dan reported they had a good meeting with the county. They had the zoning committee and code enforcement there. They will be back in the fall. Dan stated the next three meetings will be short but the BGNA will be having pizza parties for the kids. There was discussion about uniform slow down signage. **Next meeting is June 9th at 7 pm.**

CRIME WATCH: Steve Watkins

Steve reported they had no meeting. Crime watch was collecting slow down signs for homeowners to put in their yards. **Next meeting is June 14th 2016 at 7 pm.**

RESTORE BAYSHORE: Suzanna Young

Suzanna reported they also discussed slow down signs. Sidewalks are being discussed. The County is trying to get funding for the next project. **Next meeting is June 13th 2016 at 6:30 pm.**

MANAGERS REPORT: Joanne Manse

Joanne reported the ad for the auction on the boat went in the paper. The auction will be June 6th at 10 am. in the office. Austin started working on the boat stands in the marina and Randy built a new guard rail at the beach. Joanne stated we are getting busier as the days heat up and the slide will be open soon. We need a folding lifeguard chair so there will be three on the deck. Debbie made a motion to purchase the 500236 chair as shown on the guide and the 500245 umbrella plus shipping. Dan seconded. **Motion passed.**

BUDGET & FINANCE: Kathy Lokos

No meeting. No report. Next mtg in October.

WEB/BANNER: Dan Rawlinson

Dan said one of the things that needs to be done is to make sure the Banner calendar is the same as the office calendar. There was discussion that opinion letters should be no more than 500 words and letters to the editor should be no more than 200 words. This will be inserted in the Banner disclosure in July's issue. **Next meeting June 8th at 5:30 pm.**

MARINA: Richard Nelson/Debbie Korell

Debbie handed out the information from Coastal Engineering. There will be a presentation by Mark Kincaid from Coastal Engineering on May 25th at 7 pm. There will be a standalone marina meeting on June 7th at 7 pm. A letter will be composed to send to the marina slip holders that do not get the Bayshore Banner. This will be an informative letter updating the progress in the marina. **Next meeting June 8, 2016 at 5:30 pm.**

HOUSE & GROUNDS: Maynard Boyce

Maynard made a motion for \$800.00 to replace the water fountains in the breezeway. Richard seconded. **Motion passed.** Maynard stated the pool slide is almost ready for use. Kathy made a motion before the slide is opened to use we have our insurance company inspect the slide to make sure it is safe. Debbie seconded. **Motion passed.**

Debbie made a motion to discuss the rules of the slide at the next committee meeting. Richard seconded. **Motion passed.** Maynard reported if Kelly Trask from the YMCA can get five people signed up for the life guard class, she will train one of our staff at no cost to us. Terry made a motion as long as Kelly will comp Michelle's class, then Kelly can use the facility to teach the class. Kathy seconded. **Motion passed.** Debbie made a motion to modify the RFP for the ADA bathroom to have the deadline extended to two days before the committee meeting in June so we can continue to get additional bids. Kathy seconded. **Motion passed.** Kathy stated we discussed the use of a hold harmless to be filled out by any volunteer that does work on the district property. Kathy made a motion requiring a hold harmless form be signed and turned into the office before any volunteer does any work on the property. Debbie seconded. **Motion passed.** Dan made a motion that the stoves may be used in a normal manufactured design of reheating already cooked food, boiling and baking within the manufactured range and at no time can cause grease laden vapors. If after using the ovens need cleaning, a charge of \$75.00

paid to an outside cleaning service to be paid by the person who caused the problem. Terry seconded. **Motion passed. 5 yes and 2 no.** Debbie stated there have been issues of what types of cigarettes can be used in the fenced in pool area. Maynard made a motion to change our non smoking policy to include e-cigarettes and any vapor delivery system in our no smoking area policy. Holly seconded. **Motion passed.**

Maynard made a motion to reimburse the yacht club \$100.00 for the band cancellation fee due to a mix up on the calendar. Terry seconded. **Motion passed.** Debbie would like to change the procedure for when clubs request space for an event. Debbie suggested we use the same form and the only difference would be a zero cost effective immediately. Debbie made a motion to have the paperwork filled out by the clubs for the dates they want to use. The second piece is when you have these events if you request something specific, like the griddle or grill or 4 folding tables you make your request in writing. Kathy seconded. **Motion passed. 7 yes and 1 no.**

Maynard reports Superior Asphalt will be calling to let us know when we will be put on the schedule to do the parking lot. Maynard is working on an RFP for getting bids to do the stripping in the parking lot.

PERSONNEL & SALARY: Dan Rawlinson

Dan stated he would like to have the office open later in the day one day a month. It was decided starting on June 21st the third Tuesday, the office will open at 11 am and close at 7 pm. We will revisit this in October.

On Tuesday June 21st the pool will not open until 11 am and the office will be open until 7 pm. and every third Tuesday of each month until further notice. **Next meeting is June 8th 2016 at 7 pm.**

OLD BUSINESS: No old business

NEW BUSINESS: Holly reported at the House and Grounds meeting she talked about the idea of coordinating with various university's that would involve students with a design challenge to design the hall. John stated this summer he and his wife will start travelling and we will need someone to be a hall monitor when he is gone. If anyone can recommend someone please call the office. **Next meeting is June 21, 2016, at 7 pm.**

Maynard requested a motion to adjourn. Kathy made the motion and Terry seconded. Meeting adjourned 9:25pm

*Respectfully submitted, Joanne Manse
Chairman, Maynard Boyce*

Marina Project: Continued from Page 1

We also know that the boat launch must also be made ADA compliant.

Late update: The meeting with Coastal Engineering is scheduled for May 25th. An update will be in next month's banner. A separate marina committee meeting is scheduled for Tuesday June 7 at 7pm. You are welcome to attend.

While this project already has momentum, we June 2016

"A separate marina committee meeting is scheduled for Tuesday June 7 at 7pm.

You are welcome to attend."

welcome the input of all in the future phases of this project. It does not matter if you have a boat in the marina, or not, we want to hear from you.

There are many ways you can tell us what you think. You can write an editorial to the Bayshore Gardens press. You can write an email to District manager at bayshoregardens@hotmail.com and your comments will be shared with all trustees, and forwarded to the non-trustee committee

members. You can write a letter to the District Board of Trustees and the same thing will happen. You are always welcome to speak at committee meetings. They are held the second Wednesday of every month at the Rec Center, beginning at 5:30.

It is our goal to keep you informed as this project progresses. We welcome your questions and comments.

Bayshore Gardens Neighborhood Association

Date: May 12, 2016

Time: 7 pm

Place: Bayshore Gardens Recreation Center

Attendance: Dan Rawlinson, Susan Donaldson, Marie Young, Suzanna Young, Richard Nelson, Tim Pfeifer, Anthony Santamauro, Pam Lichtenstern, Jerry Slavin, Maynard Boyce, Mike Taylor, Jeannette Taylor, Lee Korniluk, Jane Becker, Wally Kedroff, Ursula Wing.

Potluck dinner was served at 7 pm. Delicious foods included: beef au juice, zucchini casserole, shrimp, pasta, mashed potatoes, and mixed vegetables. For desserts there were pies, cakes and brownies. For drinks there were bottled waters, sodas and coffee.

Guest speakers for tonight's Potluck dinner: Kris Weiskopf (Code enforcement), Deanna Ward (Permitting), Ben Dornon (Code enforcement) and Tom Wooten (Code enforcement / unlicensed contractors).

Call to Order: Dan Rawlinson at 8:20 pm after the Pledge of Allegiance.

Secretary: April Minutes were published in the Bayshore Banner. Amendment to the minutes: the President did not request the Fund amounts from the Treasurer but told the Treasurer that the

report would be deferred in her absence. Motion made by Dan with amendment. Approved by all.

Treasurer: Susan Donaldson reports with the most recent updates, which concur with the bank statements. Treasurer must write a check for the \$200 donation for the Swim Team that was approved last month. Also, a check must be written for the past breakfasts that BGNA sponsored. Motion for approval of Treasurer's Report and approved by all.

Membership: Susan reports that we are currently at 44 members. If members have mailed their membership to the Recreation Center office, cards will arrive to you in the mail soon. **Thank you to all those who have joined our membership this year.**

Old Business:

* Friday morning dances continued until the end of April. Money from the dances has been donated to BGNA. They will resume these dances in November.

* Family pool parties planned for **June 10, July 8, and August 12.** Will check once the pool opens. Offer Pizza and drinks. Free to member's families, \$3 per person that is not a BGNA member. Pool party will probably run from 6 to 8 pm.

* Consider an **ice cream party** for a Back to School event for the children. Looking at **August 7th**, around 1 pm – 3 pm. Consider filling donated backpacks with school supplies and then raffle them off. Perhaps we can have games, and give raffle tickets for winning games, which would win school supplies. Due to the Pool Party the same week, we will discuss whether we should only have one event in August.

New Business:

Holly Clouse and Suzanna Young presented sample speed limit signs for residents to consider placing in their front yards as traffic calming devices. She has investigated the purchase of signs in lots of a minimum of 50, with the least expensive sign costing about \$8 each when bought as 50+. No decision could be made on a design, especially since the speed limits in Bayshore Gardens vary, dependent upon the street involved.

Next Meeting will be on **June 9, 2015** at 7pm.

Adjourn: 8:50 pm

Respectfully submitted,

Susan Donaldson,

BGNA/HOA Secretary/Treasurer

EXCITING! That is, it is exciting that the first of the work by our consulting engineer is coming in. Preliminary indications are that the amount of material needed to be removed by dredging is going to be less than what we had anticipated. That should lower dredging costs. The Marina Committee will have met with Coastal Engineering by the time this is published. The purpose of this meeting will be for the engineers to give us their recommendations and our options for the rehabbing of the Marina Basin. The committee members will have a week or so to review the information presented by the engineers after this meeting. Afterwards another meeting of the committee will hash out what they feel are the options that we should adopt. I am quite excited to see this coming together.

The South Work Area boat maintenance continues with at least two of the three boats in the work area going back into the water soon if not already. Hot

weather tends to slow work area activity down. Please contact me if you need to pull your boat.

The sale of a boat for nonpayment of fees is eminent. The boat is a 1996, Luhrs 290 Tournament. This is a sport fishing cruiser. The boat appears to be in good condition and could be a good buy if you are looking for this type of vessel. The boat is available to look at in the Marina and the auction will be in the Bayshore Gardens Park and Recreation District Office on June 6th at 10 am.

Reminders – Please remember to keep your boat registration and insurance documents as well as your parking decal information (vehicle registration and proof of insurance) up to date with the office. Fishing around the piers and boats in the Marina Basin is prohibited. Designated fishing

areas are the North and South Seawalls where the channel enters the basin. I hope to have these marked in the near future. Also, fishing is permitted off of the dock at the fish cleaning station.

Improvements, Repairs & Projects Completed

–Several planks were reattached or replaced on the finger piers. A few center pier planks were reattached. A hand rail on the fish dock was repaired. The boat work stands are being reworked. Cleaned, painted, greased, and new pads put on. One of the A-frames in the North Work Area had four new casters installed.

Marina Occupation as of 04/21/2016 Occupied – slips - 94, Vacant – small to medium size slips - 31, large -0 Total – 125 Trailer Spaces – 3 available.

Waiting list(s) for slips and trailer spaces

–Large slips - 2, Small/Medium slips - 0, Trailer spaces–1

If you have questions, concerns, or suggestions call me. Thanks to those that have already called.

Woodchoppers Club

We met May 14th for our last meeting before summer break. Our next scheduled meeting is in October.

- The air compressor is now on the west wall of the shop.

- Our search for a large metal cabinet is tabled due to the prices.

- Signs for safety equipment and exits will be purchased.

- Whoever borrowed the package/case of drill bits, please remember to return it to the shop's cabinet. They were already missed, necessitating a quick run to the house.

Members can visit the shop 7 days a week, 24 hours a day. Use safety protection for eyes and ears. Always use safety equipment when using any power tools. Always sign in.

Your 2016 memberships may be applied for at the Recreation Center office during normal business hours.

Suggestions for BGNA projects / activities:

Restore Bayshore Reports

It's in the Works!

Monday, May 9, 6:30 pm, meeting of the Infrastructure Task Group started off at a lively pace. With us to report from the County were Cheri Coryea, Director, and Ivan Groom, Redevelopment Coordinator of Neighborhood Services. Commissioner, Robin DiSabatino joined us as well as 17 tuned-in residents.

What is in the works is the information we provided to the County on 1) side walk priorities, and 2) Speeding problems throughout Bayshore, noting particular problem streets and risky pedestrian areas. Utmost concern is our pedestrians are at risk when walking on any street without a sidewalk.

All our new street paving was already in the County works and they look great.

Here are the basic updates given by Ivan and Cheri:

Traffic Maintenance Division Update of that area from 60th Ave West (34th Street West to US 41) 26th Street: Temporary Re-stripping

Traffic Timing Devices - installed at 53rd/26th St, 57/26th St., and 60t Ave (Flamingo) & 26th.

Completed in Bayshore:

Bayshore Gardens Rec Center Resurfacing-Maynard Boyce, (to be) coordinating with contractor

Streets Partially resurfaced: 26th Street (only from Bayshore Gardens Pkwy to Florida Blvd), Tulane Ave

Streets Completely Resurfaced: Lafayette Rd, Cornell Rd., Case Ave

Fordham Place, 57th Ave West and 26th Street Intersection, 57th Ave West; Clark Ave, Rollins Street, Bates Street, Hopkins Drive

Bayshore Sidewalks; potential funding

sources: SWTIF: Florida Blvd, Georgia Ave, Cornell Rd.

CDBG – Federal grant: Columbia Dr, Dartmouth Dr, Roslyn Ave

Former South County Community Redevelopment Area : 60th Ave Terr W.

2nd. Tier identified by BSG for Future Sidewalks: 34th St W, Auburn Av/Bay Dr, Tulane Ave, Stanford Ave, Harvard Ave.

Holly Clouse is spearheading an effort to create yard signs with messages to speeders. These will have to be catchy enough to be noticed from the street and affordable to residents who wish to have one. This exhibits that this is a neighborhood community and there is a cohesive community effort to curb speeding. Examples will be shown at June meeting for input.

Next Meeting will be Monday, June 13 at 6:30 pm. Meeting was adjourned at 7:30 pm.

Suzanna Young, President

Restore Bayshore

Feedback Needed. We want to hear from you!

Speeding In Our Community, A Serious Issue

Below are a few of the sign designs being considered to help with the speeding issue in Bayshore Gardens. The signs would cost about \$10 each and would be double sided. They would have to be set in the owner's yard, not close to the road. They are printed on corrugated plastic and the metal hanger is included.

Please weigh in with your comments, opinions, etc.

Contact us via the official Bayshore Gardens Park and Recreation Facebook page at : www.facebook.com/bayshoregardens.org, contact Holly at 941-932-3020, or email the Banner at bayshorebanner@hotmail.com.

Thank you!

Single Stream Recycling is on it's way to Manatee County!

Beginning in August and September of this year, Manatee County will transition from our current system of sorted recyclables via the blue bins to single stream recycling. Single stream recycling eliminates the need for residents to sort their recyclable material by allowing them to be combined in a new sixty-four gallon cart.

Converting to this process increases overall participation and the volume of recyclables collected. This strategy will help Manatee County reach the statewide recycling goal of 75% by the year 2020. This is great news for Manatee County and the state of Florida.

Wondering what to do with your recycle bins when Manatee County switches to single stream

collection? Upcycle your old bins by turning them into useful items such as gardening planters, tool bins, totes and more!

What is Single Stream Recycling?

Single stream recycling refers to a system in which both the collection and processing systems are designed to handle all recyclables such as paper, plastics, glass, metals and other containers. This streamlined process will increase our recycling rate and help maintain a clean and healthy environment.

This exciting new program is the result of the efforts of Manatee County Government, Waste Management and Waste Pro working together to increase participation in recycling and reach the

75% recycling goal by 2020.

Recycle All Together – Recycle Right!

For more information, please call 941-792-8811 or email recycle@mymanatee.org

The results of our April race: 1st Place: Mike Burke; 2nd Place: Gene Exley, and 3rd Place: Tim Haskett. The race committee was on Catnap with Bill Wyatt, John Dickman .

We had a great time at the race after party, in the screen room. The food was supplied by Dan Rawlinson and Winnie Denny Smith. Bill and Becky Wyatt, along with Terry Zimmerly, did the set up and helped prepare the food. Dan and Winnie did the cooking.

This month's meeting was "for the birds" - so to speak! Well, not really! It was a pointed message about the impact humankind was having on our natural environment and the small steps one agency - Wildlife Inc. Education & Rehabilitation Center - has been taking to support a sustainable, natural wildlife environment around us in the Sarasota, SW Florida area. The key speaker was Dr. David Sadkin, Ph.D.; in company with Devon Straight, wildlife officer, and David Straight.

Don't forget on June 5 we are having a pool party and we hope to have live entertainment, so keep that date on your calendar . Bring a side to share, a bathing suit and hopefully we'll even do some dancing

The Yacht Club was deeply saddened by the sudden passing of our good friend John Candreva. He has been a good friend to all of us and we will miss him very much.

Commodore Bill Mueller

Neighborhood Happenings

Celebrating Russian Orthodox Easter

May 1, Sasha and Vicki (Waters) Taurke invited friends into their home to celebrate Russian Orthodox Easter, which often is on a different date than "normal" Easter, because the church follows the Julian calendar.

Apparently, this type of feast breaks a 7-week fast for Lent, but in Orthodox fashion: no meat of any kind and frequently only boiled vegetables. The food was nothing but delicious.

Once everyone had a plate and a drink, no one could eat until the host made the first toast. Everyone had been given a little, "one-gulp" glass of their choice of beverage, which could be: flavored vodkas, wine, water, and soda. Eventually, all were to take turns toasting (to health, success, world peace—the whole gamut)— throughout the festivity.

The table held: melt-in-your mouth beef loin, Russian potato salad, eggplant caviar, pork aspic, braised cabbage, cucumber salad, Sasha's homemade Russian bread baked in a Dutch oven, and other epicurean delights.

Dessert was a traditional Easter cake (called kulich) and a cheese-cake-like confection (called paskha) that rivaled (real) New York cheesecake. It was very velvety just sweet enough and soooo rich! (See photo). Guests also cracked painted Easter eggs to see who would be the last one standing with an unbroken tip.

In the crowd at this vibrant gathering, there was Patty Benson, past president of the local Democratic party, Merrie Lynn Parker, President of the Manatee Fish and Game Association, Bill McGrath, very active in everything that would

help keep Manatee beautiful; and Ed Viltz, retired IBM exec. turned teacher, who is running for School Board this fall. After talking with Mr. Viltz, we see that he may well be an excellent candidate.

It was quite an enjoyable gathering to celebrate Orthodox Easter and breakfast with our interesting neighbors.

Suzanna Young

1. Bayshore Gardens and historic preservation? A district or individual homes? Effect on Property Values, Taxes, Crime, Remodeling.
 2. Marina slip fees are lower than average. Should they be even lower? Or should they be raised to pay for needed repairs?
 3. Should the Rec Hall be remodeled? What would you like to see?
- Or do you want to voice your opinion on something else? Send to the Banner via email: bayshorebanner@hotmail.com.
Include name and phone number so we can verify. Please try not to be mean or engage in personal attacks.

In Reference to Howard Taylor's Opinion Article of May

Mr. Taylor's letter to the editor in May's starts out with some accurate observations of current marina conditions and repair needs, but then slides into a mire of misinformation and some long tall tales. He throws false accusations and insults around with no consideration of good people. Also, since I was a target (per his many emails) last Oct 2015, when the marina rates were raised, and since these emails contained outright fabrications about me, I need to finally stand up for myself and clear the deck.

Apparently, Richard Nelson and I were named as culprits in the marina slip fee increases last October. I was charged as having "sway with the Board" and that I (along with Maynard), "hoodwinked the Board" into raising the rates. However...

*Marina rates were a Board decision—more to do with budgeting to finish the much needed renovations—not any one person's opinion.

*It is a fact I was not even a Board member. I had no vote.

*Neither did I have "sway with the Board" as charged. Truthfully, I had No influence on the slip fee issue whatsoever.

*No one "hoodwinked" the Board; that Board did not "hoodwink" easily. Neither does the one now. Maynard Boyce was/is the Board Chair, he can only vote to break a tie.

In Mr. Taylor's complaints about the "blunders" made, it is interesting that some of the incidents, like in 2015, reflect back on back on him:

The 1998 Center pier rebuild was overseen by a resident engineer. After completion, serious problems were found that cost time and money. Also, an opportunity was ignored (2002-3) that for \$10,000 we could get 20 poles sunk into the hardpan to anchor the pier. The then marina committee did not consider this as an advantage. Boat owners did not make a fuss. No one was paying attention?

One reason seawall caps were wrapped 18" down was to cover and protect the tie-back bolts. Our former marine engineer had seen a big problem: the bolts and plates connecting the former tie-backs to the seawall helped accelerate tie-back deterioration because simple maintenance of keeping the plates covered from the elements

with marine tar was not done. No one was paying attention.

The (big) expense of updating and re-installing the marina utilities he keeps complaining about did not have to happen. At a Board meeting Sept. 2010—five years, 8 months ago, the Marina Chairman, (Suzanna Young), presented several items: 1) A \$2.00-per-foot slip charge, 2) An estimate on the cost of laying in new utilities before the last seawall cap phase even began; 3) Estimates of new finger pier construction and, 4) a guesstimate on the cost of dredging 5 years down the road—around 2015.. All this was from competent companies.

This information was on hand-outs. Mr. Taylor was against any slip fee changes so he had to have known about the other items. But what happened to this information?

Fall of 2015, I was abruptly dismissed as Marina Chair.(Mr. Taylor, may know more about that than anyone.) But why did not he or anyone ON the Marina committee utilize that information in a timely manner? It sure could have saved us all that money he complains about.

He is now charging that in the process of reconfiguring slip spaces, they will not match placement of the cleats anchored in the seawall. Nothing was supposed to be imbedded in the seawall caps. This was a strong recommendation by the (qualified) marine engineer in the 2nd phase of marina renovation. New seawall builds showed concrete or dock poles sunk behind the seawalls (quite secure) so the caps retain their integrity for a longer period.

Mr. Taylor demanded the Board of Trustees install

cleats in the seawall caps.

Now, our current engineers will have to deal with that as new, safer pier design and new codes will change pier placements to some degree.

Reduced boat slips? A few. It is a known fact some small boat slips consistently sit vacant but could boost income if converted for mid or larger boats after dredging. After dredging, a few slips will become usable as well.

Currently, the District has engaged a qualified Marine engineering firm who is engineering the job of re-building deteriorating finger piers, boat ramp repair and long over-due dredging. The Board and the Marina Committee are being cautious that money is spent carefully.

No, we don't want to make more blunders and the prudent path is having a qualified company that will be accountable rather than individuals who might be out of the picture in the future ...which seems to happen all too frequently!

We don't have "a dog in the fight"? I beg to differ, while we don't have a boat in the marina, this I do know: this marina is a huge asset to every home in this community. However, it deserves proper care, not Band-Aids. Count the communities who have their own waterfront facilities that you can afford. (Are there any?!) The District is compelled to do the right thing.

Marine contractors and engineers tell us we have a class marina; surely it should be something of great value to our boaters and residents alike.

Suzanna Young

Attention VOTERS

SCHOOL BOARD ELECTIONS are AUG 30

A FORUM for the Candidates will be

at Bayshore Gardens Rec. Hall

JULY 20 at 6:30 pm

We will hear from the Candidates and then have a Q & A session. If you have Questions, Please submit them by **July 10** to:

BAYSHORE GARDENS PARK AND RECREATION DISTRICT BOARD OF TRUSTEES MINUTES OF MEETING May 6, 2016

The special meeting of the Board of Trustees of Bayshore Gardens Park and Recreation District was called to order by Chairman Maynard Boyce at 7:00 PM and was followed by the Pledge of Allegiance. Notice of the meeting was posted in the April 29, 2016 Bradenton Herald.

Roll: Dan Rawlinson, Holly Clouse, Kathy Lokos, Debbie Korell, Maynard Boyce, Richard Nelson, Terry Zimmerly and Jonna Koellhoffer. Vickie Ford came later.

A quorum was established.

Present: Joanne Manse, John Woodruff

Item one for the discussion is the repaving of the parking lot. It was determined that we don't have a flooding problem. The problem is the dips in the parking lot that hold water when it rains. Holly made a motion that we go back to the original motion from Superior Asphalt and they follow line

number one to insure the fact this includes the entire parking lot and repairs for the three holes. Debbie seconded. Maynard stated the Consultant from Superior verbally told Maynard they would put the speed bumps back in the beach access road. After a lengthy discussion before the motion and after a vote was taken. **Motion passed**

Item two is to allow the YMCA to use the deep end of the pool for life guard training for three days in May. Maynard suggested we charge a fee so it doesn't give the impression we are giving things away for free. After a lengthy discussion, Holly made a motion to find out the cost they are paying the Bradenton Country Club to use their pool and allow the YMCA the availability to use our pool for the deep water training. Richard seconded **Motion passed**. Six yes and one no.

It was determined that as Chairman of the Board, Maynard cannot vote as Chairman of the House and Grounds. The question was asked why a homeowner was riding around on the District's golf cart. These issues will be discussed at the next committee meeting on May 11th.

Jonna stated she will not be able to be at the next two committee meetings and thought it would be wise to assign another person to be Banner Chairman. Dan Rawlinson will be the Banner Chairman temporarily.

Next meeting is May 17, 2016, at 7:00 pm.

Maynard adjourned the meeting at 8:22 pm.

Respectfully submitted

Joanne Manse

Chairman, Maynard Boyce

Upcoming Master Gardener Volunteer Training

Manatee County's Agriculture and Extension Service is currently taking applications for their Florida Master Gardener training class for new volunteers. The class will begin August 17, 2016 meeting every Wednesday from 8:30 – 4:30, for 14 weeks, ending the first week of December. The class sessions will be held at the UF/IFAS Extension Manatee County, Agriculture and Extension Service, 1303 17th St. West (Manatee County Fair Grounds) in Palmetto.

Applications can be downloaded from <http://manatee.ifas.ufl.edu/lawn>. You may also call Lisa Hickey at 941-722-4524. The class fee of \$200 includes all workbooks, textbooks, and field trips. The deadline for applications is June 17, 2016 and class size is limited.

Participants who complete the training and internship portion of the program are certified as "FLORIDA MASTER GARDENERS" by the University of Florida Cooperative Extension Service. Working with the Urban Horticulture Extension Agent, Master Gardeners provide volunteer service by disseminating horticultural information to the public in Manatee County. This consists of such things as answering gardening questions, conducting plant diagnostic clinics,

working in the Extension's Educational Demonstration Garden, and other activities to promote Florida-Friendly, scientific-based horticultural practices. Each year, a minimum number of volunteer hours and continued education units are required in order to maintain status as a Florida Master Gardener.

Manatee County is one of the three original counties in Florida to hold Master Gardener training; the program has been in place since 1979 and has provided training to hundreds of quality volunteers. This year's class topics include basic botany, entomology, vegetable gardening, wildlife, diagnosing plant problems, plant identification, citrus care, plant propagation, turf selection and care, and many other subjects. Prior gardening experience is not required.

If you need help deciding whether this volunteer opportunity is right for you or if you want more information, join Lisa Hickey, Urban Horticulture Extension Agent, for a one-hour question and answer session and tour of the Educational Demonstration Garden on Friday, June 10 from 1:00-2:00 pm. Email Lisa at lisa.hickey@ufl.edu if you would like to attend this introductory session.

Local Events in June

Flowers, Poetry, Heritage & Hope

Bradenton Christian Women's Connection invite you to a luncheon at 11:00 am on Friday June 10, 2016 at Renaissance on 9th, 1816 9th St. W. Bradenton. The cost is \$20.00 all inclusive.

Speaker is Christine Sporrer, How to get a bang for your buck with fresh flowers! Plus Christine is the author of "Was God Missing in Action"

Reservations are required by June 3, 2016, cancellations by June 9 or honor with payment. Contact Linda Cilles 750-8786 or e-mail her at whc67@verizon.net also Jenny at 744-0337. Check their website at www.cwcfl.net.

Reclaim Our Coasts - Ft De Soto Park & Shell Key Preserve Cleanup

June 5th (7 am - 2:00 pm)

7 am - Registration, 8 am - Orientation

12 pm - Sort trash, wrap-up

What to bring: Work gloves, snacks, reusable water bottle, reef-safe sunscreen, insect repellent, and if possible, large buckets or used mesh bags to collect garbage in

•Children < 18 must be accompanied by an adult
What will be provided: Water, snacks, garbage bags, goodie bags while supplies last

Where: Meet at Gulf Pier Shelter area in Fort De Soto Park. After orientation, transportation to Shell Key will be provided from Fort De Soto Park for the group assisting with cleanup at Shell Key.

Florida Friendly Basics: Composting

Sarasota County UF/IFAS Extension and Sustainability

Saturday, June 4, 2016 10:00 am to 11:30 am

Tired of our sandy soil? Want to learn how to create happy and healthy plants for next to no cost? Come learn all about composting. We will have examples of compost and discuss the many different forms of compost systems that are used in home gardens. Not only will we discuss how to compost but also how to use our compost effectively. For more information, please call 941-861-5000 or email sarasota@ifas.ufl.edu.

Changing Waters: Human Impact on Florida's Aquatic Systems

Changing Waters documents the conditions of Florida's aquatic ecosystems through approximately 40 of Lynne Buchanan's photographs featuring our rivers, estuaries, lakes and bays. The featured photos invite the viewer to examine the changing state of water and to consider his or her personal relationship to this critical resource. Light refreshments will be served; beer and wine available for purchase. Event Info: (941) 746-4131. Price: \$14-\$19.

South Florida Museum 201 10th St. West, Bradenton, FL 34205. Runs from Mon 5/23/16 through Sun 6/5/16 at 10 am-5 pm

JSA Medical Group - Bayshore will offer services including:

- 24-Hour Physician On-Call Availability
- Same Day Appointments for Urgent Care
- Preventive Medical Treatment
- Diabetic, COPD, CHF Education
- On Site Diabetic Classes
- Lab Draws On-Site
- EKG/Echocardiogram
- Community Activity Center

JSA MEDICAL GROUP HAS OPENED AN INNOVATIVE PRIMARY CARE CLINIC AND ACTIVITY CENTER IN YOUR COMMUNITY!

JSA Medical Group strives to provide increased access to quality care for local residents. The new Bayshore clinic will include an activity center that is available at no cost and open to the community. The activity center will offer exercise classes, seminars and other activities that tie directly to JSA Medical Group's focus on preventative care and overall wellness.

NEW PRIMARY CARE CLINIC NOW OPEN AND ACCEPTING NEW PATIENTS

Our primary care physician, Katie Drake, D.O., is a Diplomat of the American Board of Family Medicine. She received her Doctorate of Osteopathic Medicine degree from the University of Health Science College of Osteopathic Medicine, in Kansas City, MO. Dr. Drake completed her Family Practice Residency Program with areas of concentration in Women's Health and Geriatric Medicine at Saint Vincent Health Center, in Erie, PA. She has been practicing family medicine in Florida for over ten years.

JSA Medical Group believes in providing Total Care. Your primary care doctor works with an entire team to keep you as healthy as you can be. It's the kind of patient-centered care that's built around you. Learn more about Total Care at: jsaopenenrollment.com.

Sizzling Summer Vegetables, *By Nancy Hammer, Master Gardener 2014, May 2016 - Volume 51 – Issue 5*

If you are from up north, you know spring is when vegetable gardeners joyfully plant tomato seedlings and look forward to juicy slicing tomatoes as summer unfolds. Experienced Florida vegetable gardeners know otherwise. Many take a break in the summer months and enjoy the pool, beach, and A/C. However, with correct plant selection, summer vegetable gardening in Florida can be very, well, fruitful!

Here are some vegetables that can thrive in our heat and humidity.

- Okra: Recommended varieties include Clemson Spineless, Emerald, Annie Oakley II, and Cajun Delights. Plant through the summer until September.
- Sweet Potato: Centennial, Beauregard, Vardaman, and Jewel. Plant through summer until September.
- Southern peas (field peas, cow peas, crowder peas); California Blackeye No. 5, Pinkeye Purple Hull, and Texas Cream. Plant through the summer until October.

- Yard long beans: Plant throughout the summer.
- Luffa (Luffa spp.): Plant until September.
- Seminole Pumpkin (*Curcubita muschata*): Plant until September.
- Malabar spinach (*Basella rubra*)
- Okinawa spinach (*Gynura crepioides*)

If you currently have cherry tomatoes, peppers, or eggplant, and they are still healthy, they may continue to produce fruit into the summer months.

Should you want to explore other options, consider trying varieties from Southeast Asia and Caribbean countries, Israeli varieties, and Southern heirlooms.

Sources for seeds include Southern Exposure Seed Exchange, Seed Savers Exchange and other online suppliers. Detailed information on Florida vegetable gardening, including a table of planting dates can be found online at UF/IFAS Florida Vegetable Gardening Guide.

If you and your vegetable garden prefer to have a

break during the summer, take advantage of the heat by solarizing the soil to kill harmful nematodes, other insect pests, and weed seeds. Look online at UF/IFAS Gardening Solutions, Soil Solarization for how-to info.

Alternatively, consider cover crops for the summer, which will prevent erosion during heavy summer rains, discourage weed growth, add nutrients and organic matter, improve soil texture, and interrupt insect and disease cycles.

More information, including suggested cover crop plants, can be found online at UF/IFAS Gardening Solutions, Cover Crops.

Finally, we invite you to tour our educational gardens at the Manatee County Extension office. We have examples of how to successfully grow vegetables and herbs in raised beds, a variety of containers, and salad tables. The okra is spectacular in the summer!

Be Safe Out There *Joy Derksen, Master Gardener 2004*

Gardening is healthy for us. We get beautiful surroundings, yummy vegetables, free exercise and vitamin D. But there are also many ways that summer gardening can be dangerous in Florida. We have climate, wildlife, and insects working against us.

Happily, experienced Floridians also know ways to keep gardening in good health. “Mad dogs and Englishmen go out in the midday sun,” is a lyric from an old song by Noel Coward. Obviously, he didn’t know many Florida gardeners! Probably the biggest danger to Floridians is heat and the health risks that come with too much sun exposure. How can we keep ourselves safe from heat while gardening?

Gardening early and gardening late - before 10 am and after 5 pm is one way to stay a little bit cooler and to avoid those direct and hotter rays. Wear a hat, wear sunscreen, and stay hydrated. Consider a long-sleeved sport shirt that has vents in the back. Drink a glass of water before you go out and stop for frequent water breaks. Check your medications for those that cause you to be more sensitive to the sun.

Heat exhaustion and heat stroke are illnesses from too much sun. Don’t let it get that far. If you are dizzy, thirsty, having headaches, are nauseated, and/or having muscle cramps you’ve overdone it. Get cool immediately and drink more water.

If you’ve conquered the heat, remember our wildlife. Any wild animal around humans during the day is not normal. Remove yourself from the area and call wildlife control. Become familiar with our local snakes. Most of them are your friends!

A good online publication by the University of Florida helps identify Florida snakes: <http://edis.ifas.ufl.edu/uw258>. Wear gloves and closed toe shoes, as even a nice snake hiding under a bush or in a gardening pot will feel obliged to bite a hand or foot that has accidentally smacked it. We do have a few venomous snakes in the area. In my yard I have a corn snake (non-venomous) that seems to live in the coconut palm and a black snake or two (also non-venomous) that roam under the landscape hedges, but I have run into a pygmy rattlesnake crossing the back lawn.

Be wary of insects. I always think they are more troublesome than the animals. Keep fire ants under control in your garden. Practice good mosquito avoidance as they carry many unpleasant diseases for you and your pets. “Florida Resident’s Guide to Mosquito Control” is available at the Extension office or online at <http://edis.ifas.ufl.edu/pdffiles/in/in104500.pdf> and includes a guide about what mosquito repellants work and for how long. Wear a mosquito repellent.

So get out there and plant and weed in the summer sun! Remember: hat, gloves, shoes, sunscreen, mosquito repellent, and water; bring that phone to summon help or to take a photograph.

PARENTS, DO YOU WANT YOUR CHILDREN IN SWIM LESSONS?

Please call the office @ 755-1912 and ask Joanne to put your children on the schedule.

The prices for swim lessons taking place:

For Residents of Bayshore

6-30 minute classes: \$58.00 (3 hour total class time)

6-45 minute classes: \$63.00 (4.5 hour total class time)

For Non Residents

6-30 minute class: \$75 (3 hour total class time)

6-45 minute class: \$84 (4.5 hour class time)

Private Lessons

Residents: \$75.00 for three hours

Non-Residents: \$100.00 for 3 hours

6-30 minute lessons

4-45 minute lessons

3-1 hour lessons

Minimum class size is 3

Maximum class size is 5 under 5 years and 6 over 6 years

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

GO FIGURE! by Linda Thistle

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

	X		+		16
+		÷		X	
	+		+		9
X		X		÷	
	X		÷		15

		9		4				2 8

Place a number in the empty boxes in such a way that each row across, each column down and each small 9-box square contains all of the numbers from one to nine.

THE ABOVE ILLUSTRATION contains the first two lines of a famous jingle. Can you find them?

Answer: Hold the page level with your eye, tilt it slightly, and you will read: "No more pencils" in the elongated letters. Turn the page to read the rest of the jingle, "No more books."

ODD MAN OUT! To the right is a list of words. Can you find the word that doesn't have what the other words have?

Answer: The word Hackles. The other words all contain the name of a tree. (1. Oak, 3. Elm, 4. Pine, 5. Fir.)

LINK-UPS! Here's a list of 12 short words, divided into two columns. Turn them into six longer words by linking them together. To do this, draw a line from one word in the left column to one word in the right.

1. FALL	SING
2. DAB	TIER
3. GENT	OWED
4. IMP	LED
5. HEAR	LODE
6. LAP	

Answers: Followed, gentled, dabbled, imploded, heartier, lapsing.

Answers: (from the bottom up): Medalling, dealing, genital, alien, nail, nil, in, I.

MASTER PLUMBER OWNED & OPERATED

24 - HOUR EMERGENCY SERVICE

Healthy(ish) Party Appetizers

Roasted Tomato Hummus

3 tbsp extra-virgin olive oil, divided
2 cups cherry or grape tomatoes
1 can garbanzo beans, drained and rinsed
1/4 cup tahini
2 tbsp lemon juice
1 tsp smoked paprika
1 tsp fresh thyme leaves
2 pinches coarse salt
2 pinches freshly ground pepper
3 cloves garlic

Preheat oven to 400°F. On a rimmed baking sheet, toss the tomatoes with 1 tablespoon oil, garlic cloves, the paprika, thyme and a pinch of salt and pepper. Roast 15-20 minutes, until tomatoes have wilted. Remove from oven. Transfer the tomatoes and garlic to a large food processor. Add the garbanzo beans and pulse a few times. Add the tahini, lemon juice, remaining oil (only if it's too thick) and another pinch of salt and pepper. Blitz until smooth, 5 - 10 seconds. Serve inside a carved-out tomato, or bowl. Have pita bread and veggies on the side for dipping.

Cheesy Buffalo Cauliflower Tater Tots

3 cups shredded cauliflower
4 oz sharp cheddar cheese
1 large egg; 1/2 cup all-purpose flour
2 tbsp Buffalo hot sauce, + more for serving
Pinch of salt

Preheat oven to 400°. In food processor, pulse cauliflower until it's finely shredded. In a medium bowl, stir together shredded cauliflower with grated cheese, egg, flour, hot sauce and pinch of salt. If the mixture is very wet and doesn't hold its shape, add more flour by the tbsp until desired consistency. Lightly oil a baking sheet and measure out heaping spoonful-sized balls onto the sheet. Don't worry too much about shaping them, but do leave some space between each ball. You should get 20-25 tots. Bake the tots for 15 minutes until lightly crispy on the bottom. Then flip and bake for another 15-20 minutes until very crispy. Remove tots and serve with extra hot sauce!

Baked Portabella Fries

1/2 cup all-purpose flour
2 eggs
1 cup Italian style bread crumbs
1/4 cup shredded Italian cheese blend
1 tsp Montreal steak grill seasoning
2 portabella mushroom caps, cut into 1/4-inch slices
Cooking spray

1 tbsp shredded Italian cheese blend
1/2 cup organic tomato ketchup (or any ketchup you prefer)

Heat oven to 425°F. Line large cookie sheet with foil or cooking parchment paper. In shallow dish, place flour. In another dish, beat eggs slightly with fork. In third dish, mix bread crumbs, 1/4 cup cheese and the grill seasoning. Coat mushroom slices with flour, then dip in eggs and coat with bread crumb mixture. Place mushrooms on cookie sheet; spray mushrooms lightly with cooking spray. Bake 8 to 10 minutes, turning once, until golden brown and crispy. Sprinkle fries with 1 tbsp cheese. Serve hot with ketchup.

Spring Garden Bites

4 oz. whipped cream cheese, softened
2 tbsp carrot, finely grated
2 tbsp fresh dill, finely chopped
1/2 tsp celery salt
1/2 tsp garlic powder; 1/2 tsp onion powder
1/2 tsp fresh ground pepper
24 snap peas
6 radishes, thinly sliced
Fresh dill

In a small bowl stir together cream cheese, carrot, dill, celery salt, garlic powder, onion powder and pepper. Transfer to a plastic icing bag. Snip a small portion from the top of the bag. With a small, sharp knife, place snap peas on their side and gently cut along the top edge of the pea to open it up. Pipe a small amount of cream cheese mixture into the bottom of each pea, press 2-3 radish slices into each pea pod. Garnish with a small sprig of dill. Place on a serving platter and enjoy.

Hummus Cups with Zucchini & Tomato

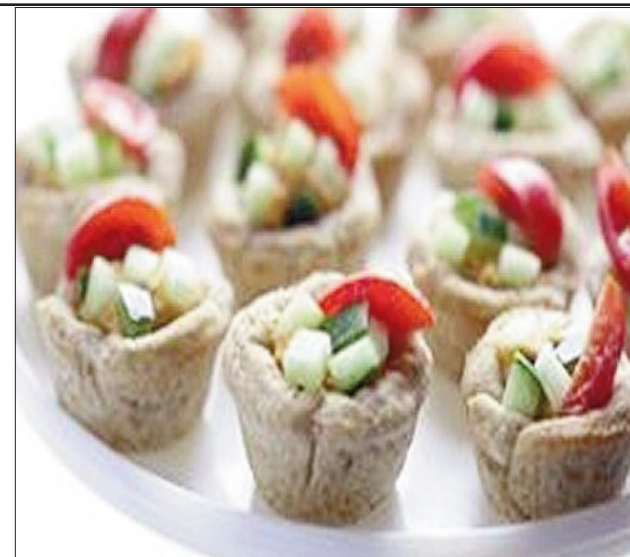

1 13.8 oz roll refrigerated artisan pizza crust with whole grain
1/2 cup hummus
1/2 cup zucchini, diced
16 grape tomatoes, halved

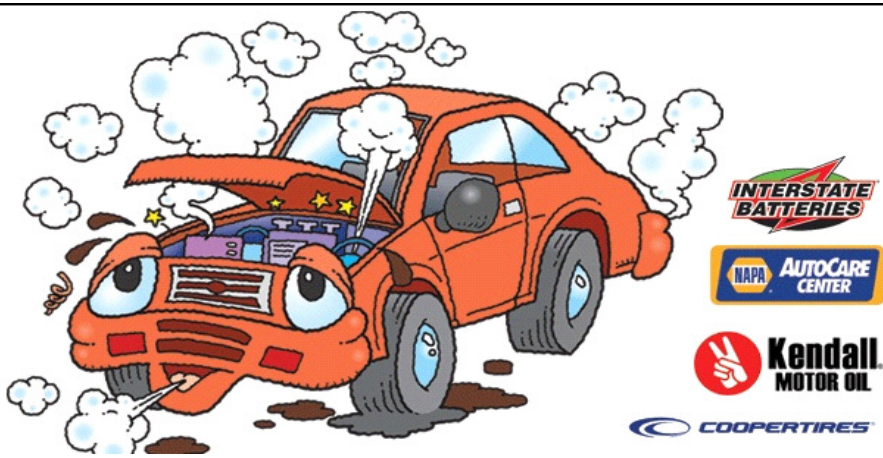

Heat oven to 400°F. Lightly spray 20 mini muffin cups with cooking spray. Use a rolling pin to roll pizza dough into a 14 x 12 rectangle, approximately. Use a 2 1/2" round cookie cutter to cut out 20 circles of dough. Press each circle of dough into the bottom of the muffin cups. Then use a fork to pierce the bottom of each pizza cup 3-4 times. (This will help prevent the bottoms of the pizza cups from rising). Bake pizza cups 8 to 10 minutes or until edges are light golden brown. Transfer cups to a cooling rack then cool completely. Spoon a teaspoon of hummus into the bottom of each cup. Then top with two tomato halves and a few zucchini pieces. Serve immediately.

Roasted Garlic-White Bean Dip

1 head garlic
Olive oil and sea salt, for roasting
2 15 oz cans cannellini beans
1/2 tsp Italian seasoning
1/2 tsp paprika
1/4 tsp cumin

1 tbsp balsamic vinegar
Salt and pepper, to taste
Chips and veggies, for dipping
Heat oven to 425°F. Slice off the top third of a head of garlic, then drizzle with olive oil and sprinkle with sea salt. Cover with foil and bake 50 minutes to 1 hour until soft and golden brown. Drain cannellini beans, reserving 1/2 cup of the liquid. Rinse beans, then transfer to the bowl of a food processor. Add roasted garlic pulp, Italian seasoning, paprika, cumin and balsamic vinegar. Pulse, slowly adding in liquid, until mixture is thick and smooth. Stir in salt and pepper to taste. Serve dip with frozen edamame pods, cooked, and tortilla chips.
