We the People

This summer heat will really abate in the fall. Right now, it is a bit of a challenge. The pool is very inviting.

The date is set for the September meeting. It will be at 7:00 pm in the Recreation Center on Thursday, September 21st. We, the residents of Bayshore Gardens Park and Recreation District, will have an opportunity to discuss how things are going in the District as well as what you would like to see in the future for amenities. Anyone who lives in a house in the District is a resident, and can participate in anything but the vote to set the budget for the following year. This includes voting for trustees in the upcoming election in December. It also includes committee participation.

Committee participation is the beginning point for service in the District.

If anyone is interested in becoming a trustee and having input into decisions at the highest level, I

suggest you google the Bayshore Gardens official website, Bayshoregardens.org, where you will find our creation document, our charter, which is a law of the State Of Florida and prescribes how we operate. It says that the facilities are open to "residents and their guests". If you live in a house here, you are a resident and are entitled to use the facilities. There have been some issues with landlords, but these are your rights. Beyond the charter are the bylaws of this District, which further define how we must operate. Other documents at that website will be the specific policies, which guarantee that all residents are treated fairly/equally, various forms used by the District, a calendar of events, and announcements. I urge all of you to read these two documents. You will gain insight into our operation, and be better informed citizens.

CERT BASIC TRAINING CERTIFICATION completed on July 11th and Bayshore Gardens CERT is growing, but we still need you. Bayshore Gardens CERT volunteers are trained in first aid, search and rescue, fire, and safety. CERT operates under the sponsorship of Manatee County, Homeland Security, and FEMA. We are required to have the approved training to participate in the program. The commitment is for about 24 hours of classroom instruction. The classes are broken down into 3 hours segments and a little longer on Saturday. We are planning to hold another class in the fall. Hope you will join us.

CERT Basic Training was honored to have Fox News come to our class and film. The program will be broadcast locally. CERT is a self-activating arm of Manatee County disaster response. We live in the community and we know the community. We report to Manatee County Emergency Management by cell phone, or HAM radios to get the help we need in a disaster.

In the fall our CERT will hold a training session to help those interested in becoming HAM operators obtain their license. The communication via HAM radios is critical in an emergency. Currently we in Bayshore will use the Trailer Estates communications to obtain help for our residents. If interested in becoming a HAM radio operator, email address above.

Bayshore Gardens is currently paired with Trailer Estates until we can get enough members trained to cover our District. The need in Bayshore is great. Once trained the time spent with CERT is minimal. We meet once a month, (not mandatory to attend) and hold drills to be better prepared for an emergency. The drills last less than an hour and are only held a couple of times a year. (Attendance not mandatory).

The Command/Communication Center for CERT in Trailer Estates is the Activity building (Pool) use north door for entrance in an emergency. We are there to help but would like to have the same Command/Communication Center for Bayshore Gardens.

If you wish to serve your community, please email or call the number/email address above and request an application.

We are providing some resources, for your convenience, to learn more about the program.
